BRING SUIT AGAINST VANDERLIP STAR OWNERS CHARGE LIBEL AND SLANDER

MAP PLAN TO OUST DAUGHERTY CITY RECOVERS SLOWLY NEW EVIDENCE TO BE PLACED BEFORE NATION

Marion Newspapermen Ask
\$600,000 Damages of
Banker as Result of His
Utterances in Speech
Bringing Paper and Hard-
ing Into Oil Scandal.

(Associated Press Leased Wire)
NEW YORK, Feb. 21.—Frank A. Vanderlip, retired banker, in a reply today to the \$600,000 libel suit filed against him yesterday by the owners of the Marion Star, declared he welcomed the suit and expressed the hope that it would be the forerunner of "court proceedings" that would make public some of the news that the newspaper did not see fit to print.

"I am prepared to spend quite as much as has been asked for in these past proceedings in an effort to make public this news," the statement said, adding that "there is nothing this country needs so much at the moment as some court proceedings initiated by grand juries and pressed by incorruptible prosecuting attorneys."

(Associated Press Leased Wire)
NEW YORK, Feb. 21.—Roy D. Moore, Louis H. Brush, joint owners of the Marion Star, are plaintiffs in federal court against Frank A. Vanderlip, retired banker, for \$600,000, alleging slander and libel as the result of the banker's purported remarks in a speech at Osnaburg, February 12. Three separate causes of action, each asking \$200,000 damages, are cited in their petition on file today.

The papers assert that Mr. Vanderlip wickedly and maliciously charged Brush and Moore with bribing former President Harding "to fail to perform certain of his official duties as President and that the bribe consisted in the payment to the former president of \$50,000 in the purchase of the Marion Star, which was more than twice its fair value."

The Vanderlip speech, it was charged, was an attack upon the integrity of the late president by implying that the sale of the newspaper was involved in the naval reserve oil leases investigation.

It was further charged the Vanderlip statements accused the plaintiffs of "being financially irresponsible and not being able to meet their financial obligations and not entitled to credit."

In consequence "the market value of the preferred and common stock (of the newspaper) has been greatly reduced and the plaintiffs have suffered great damage because thereof."

The second cause of action was based upon the charge that Mr. Vanderlip caused his speech to be printed in the New York Tribune.

The third cause is based upon the admission of Mr. Vanderlip before the Senate investigating committee that he approved the copy of the speech which was presented to the committee in New York, February 13th, by a representative of The Associated Press and which speech later was transmitted to The Associated Press members.

**Lover's Jealousy
Precipitated Crisis
In Japanese Diet**

(Associated Press Leased Wire)
TOKYO, Feb. 21.—How an obscure lover's jealousy precipitated a national political crisis was revealed today by a police statement regarding an attempt to wreck a train near Nagoya, January 31, which led, or at least had, the dissolution of the Imperial Diet.

Enraged because his sweetheart had left him, so the explanation goes, a farmer named Daruse gave vent to his wrath by piling logs and other material on the tracks and having no idea of the political consequences of his act.

**LOWER TEMPERATURES
PREDICTED FOR TONIGHT**
(Associated Press Leased Wire)
WASHINGTON, Feb. 21.—Temperatures will be lower in Virginia and the Carolinas tonight, with frost probable as far south as the interior of southern Florida, the weather bureau predicted today. Warmer weather is expected tomorrow in east Gulf states and Tennessee.

TOWN TOPICS

The various committees of the Chamber of Commerce will meet tonight at the Hotel Burton for a buffet supper following which the chairman of the committee will outline the scope of work each committee proposes to undertake during the present year. During the past few days the committees have been working with their chairman and exchanging views and outlining plans.

The board of directors of the Chamber of Commerce have been called to meet at half past six o'clock this evening to take final action regarding the proposed establishment of a credit bank for members of the Co-operative Marketing Association. The local organization has already written to officials expressing a readiness to be of service in the establishment of the bank in this city as well as the building of a storage warehouse in an address at Osnaburg, February 12. A communication from the board to the board this afternoon following which it will adjourn to the Hotel Burton to attend the buffet supper and to discuss plans made by the several committees.

The remains of Ethel Emmerson, three-year-old daughter of Mr. and Mrs. George Emmerson, who succumbed to burns, were laid to rest yesterday. Little hope had been held for the recovery of the child who approached an open grave in the family home, her clothing thus becoming limited.

The annual meeting of stockholders of the Mutual Building and Loan Association was held on Tuesday at the Chamber of Commerce, at which organization for the year was made. No changes in the officers were made. The officers of the old officers being re-elected: Col. A. B. Carrington was re-elected president of the organization; A. D. Stirling, vice-president; action secretary and treasurer and Geo. Tunstall assistant secretary and treasurer. Directors re-elected were the officers above named with W. P. Horner, Herbert Martin, E. W. Brown, H. E. Ferguson, Henry Rodgers, George Temple, H. B. Trumble and O. L. Roach. The financial statement revealed to what a large extent the organization is making progress in the building of a new dwelling in this city.

Rep. Dupre of La. Dies From Apoplectic Stroke

(Associated Press Leased Wire)
WASHINGTON, Feb. 21.—Representative Henry Garland Dupre of Louisiana, died early today at his home here. A stroke of apoplexy suffered about ten days ago was the cause of death.

Mr. Dupre rallied slightly after being stricken but his improvement was of short duration.

Representative Dupre was serving his sixth term in the House from a New Orleans district. He was a Democrat, born at Opelousas, La., July 28, 1872. He practiced law in New Orleans; served as assistant city attorney; was a member and speaker of the Louisiana House of Representatives and chairman of the state Democratic convention in 1908. In his service as a member of the House Dupre devoted a large part of his work to rivers and harbors legislation. He was a member of the rivers and harbors committee.

Despite Mr. Dupre's death, the house remained in session today to consider a portion of the tax bill. Leaders, however, decided to adjourn late in the day out of respect to his memory.

**HENRY COUNTY ROAD WILL
BE COMPLETED TOMORROW**

Provided the weather remains sufficiently mild to warrant concrete pouring operations, tomorrow will see the last stretch of the Henry county pike under improvement completed, bringing to an end a piece of work of innumerable benefit to farmers coming to this city and to Danville motorists. This morning when the force of the Allport Construction Company's track work on the Backe-

How Debris Blocked Doorways

Photograph shows debris in yard behind burned building at 387 Madison street, New York City. Nearly a score of persons were killed. Thirteen—five boys, two girls, four women and two men—were found dead, and dozens lay in the ruins for others missing. Several were taken to hospital in dying condition. Debris blocked doorways, preventing escape of tenants.

Charter Bill Is Considered Dead Issue By Aiken

(Associated Press Leased Wire)
RICHMOND, Va., Feb. 21.—Two measures relating to Danville's charter today were withdrawn from the Virginia House by Delegate Warren of Pittsylvania, who stated he had offered them in the belief that they would settle difficulties between factions in the city, but had now learned no agreement was in prospect.

The chairman of the Senate Committee on counties, cities and towns has announced all Danville charter bills in the Senate would be indefinitely postponed.

Members of the Danville delegation which went to Richmond to be heard on the Danville charter bill and the ward line bill have returned to the city. No action has been taken on the charter bill and it is the belief of City Attorney A. M. Aiken that they are "dead as Hector" with manifold opposition to the charter bill coming from formidable quarters in the Senate. The city attorney was requested by the council to take the charter bill as approved by the council, and permitting a referendum on the main points in controversy, to ask for its passage in the hands of the district legislators.

According to Mr. Aiken, Senator Garrett was opposed to the bill and it was regarded as useless to attempt its passage. The bill was introduced by the chairman of the finance committee. On the House side it was felt that with the situation existing in the Senate it was useless to attempt to introduce the bill in the lower body and for reason nothing was done toward that end. Mr. Warren was approached on the subject but, according to the city attorney, he declined to introduce the bill in the prevailing situation and urged abandonment of the plan. Senator Clement is reported, however, as being in favor of the charter bill.

The disposition of the legislature was not to attempt to enact the charter without some definite expression from the committee on Counties, Cities and Towns of the Senate to which it was referred. This committee set a date for the hearing but when the time came there was no quorum and thus no action was taken.

The city attorney after exhausting every parliamentary means to secure enactment expressed the view that there is small chance of having the charter adopted as deemed wise by the city council, during the present term although the matter is still in shape and could be brought up again between now and the termination of the legislative session. The manifest unwillingness, however, for the committee to enter into the merits of a local difference probably means that no action will be taken and the present charter is likely to remain on the statute books for another two years.

**Senator Greene
Holding His Own**

(Associated Press Leased Wire)
WASHINGTON, Feb. 21.—"Slight improvement" was shown in the condition of Senator Frank L. Greene, of Vermont, at noon today, it was said by his nurse at Emergency hospital. He has taken some nourishment.

LATE NEWS

(Associated Press Leased Wire)
Woman's equal rights bill, sponsored by the National Woman's party, today was indefinitely postponed by the Virginia Senate Committee on general laws. A similar measure already had been defeated in the House.

(By the Associated Press.)
WELLS, Minn., Feb. 21.—The Wells National Bank with deposits of approximately \$1,000,000 was closed today and A. B. Smith, national bank examiner, took charge of the institution. Recent heavy withdrawals were responsible for the closing, it was said.

(By the Associated Press.)
PARKERSBURG, W. Va., Feb. 21.—Two unmasked bandits shortly after 3 o'clock this morning held up Herman Juskrit, messenger for the Citizens National bank here, seized a registered mail package containing money and escaped in an automobile.

(By the Associated Press.)
MIAMI, Fla., Feb. 21.—A man taken by the Dade county authorities on suspicion of being Roy Dickerson, notorious Alabama criminal and escaped convict, proved on receipt of a telegraphic fingerprint description from Sheriff T. J. Shirley of Birmingham today not to be the man wanted.

(By the Associated Press.)
LONDON, Feb. 21.—The MacDonald government, in view of the unemployment situation, has decided to proceed with the laying down of five cruisers and two destroyers as soon as parliamentary action is given. It was announced by Charles G. Amos, parliamentary under-secretary to the admiralty, in the House of Commons this afternoon.

(By the Associated Press.)
WASHINGTON, Feb. 21.—The unseating of Sen. Bloom, Democrat, as a member of the House from the 19th New York district was recommended today by an elections committee which investigated charges of fraud in connection with his election.

PREVENT MAIL HANDLING

(Associated Press Leased Wire)
PLYMOUTH, England, Feb. 21.—A member of the dockers' strike committee today prevented the moving of 5,000 bags of mail from America which have been stacked on tenders here since the outbreak of the strike. The member of the strike committee assembled to begin sorting the bags prior to entraining them but when a member of the strike committee intervened the task was abandoned.

TO INVESTIGATE CHARGES AGAINST TEX RICKARD

(Associated Press Leased Wire)
NEW YORK, Feb. 21.—An investigation by the state boxing commission is expected to follow charges of Tom O'Rourke that Tex Rickard aided ticket speculators at the Dempsey-Firpo fight last September. Rickard flatly denied the charges made before the boxing repeal hearing at Albany, specifying that the promoter had turned over to one broker a block of tickets worth \$138,000, which later was returned unused.

Rickard asked the commission for an immediate investigation and reports from Albany intimated that O'Rourke's accusations would be given to a special grand jury.

Chairman Brower of the boxing commission declined to comment, but made public a letter to Rickard, warning him that the commission would close Madison Square Garden to boxing bouts unless speculators were stopped from selling tickets in the neighborhood of the arena.

LINEMEN KEPT BUSY RESTORING WIRE SERVICE

Progress Is Made But It Will
Require Several Days to
Put Lines in Normal Condition.

While progress was made yesterday and throughout last night in restoring lines of communication leading out of Danville, much remained to be done this morning and it was apparent that it would be several days before the damage done by the sleet storm of Tuesday had been overcome. Facilities to Richmond had been improved by the Western Union Telegraph Company and the large volume of business, which has descended upon the organization as a result of the paralysis of other wire systems was being moved subject to less delay than yesterday. For the first time in the midnight Tuesday, it was possible to afford cross facilities arrangements being made for the use of one of the additional wires now operating between Danville and Richmond, affording a somewhat more complete service than was possible yesterday.

J. A. Scruggs reported that good progress was being made by groups of linemen doing repair work but that it would be two or three days before normal conditions obtained.

The Postal Telegraph Company still had all of its lines prostrated this morning but early this afternoon it was expected that direct communication with Washington would be resumed. Another line to Reddick, Va., would be in working order again. Fifteen additional linemen are looking after the damage in this vicinity suffered by the company.

H. O. Eanes of the Chesapeake and Potomac Telephone Company, reporting substantial progress this morning in the restoration of long-distance and local service. At eleven o'clock it was still impossible to put in a long distance call to any point but at that distance calls were waiting momentarily to hear that Richmond could be reached and that before the end of the day Lynchburg would be in contact with Danville.

Mr. Eanes estimated that more than six hundred men are engaged in reconstruction work around Danville for all of the wire companies. For the telephone company alone fifty men are engaged in this work. The American Telegraph and Telephone Company has sent 21 men to this section, another gang of nine men is working on the Richmond line, this force coming from Roanoke. Another gang was due early this afternoon. Two men are relieving conditions in Chatham and two gangs of six men are working local troubles.

Jack Frost arrived in person last night from Lynchburg to superintendent work done by his less animate (Continued on Page Three.)

Cossack Leader Turns Up After 18 Mo. Oblivion

(Associated Press Leased Wire)
TOKIO, Feb. 21.—General Gregor Semenov, former commander of the all-Russian forces in the far east, has again turned up in Tokyo after eighteen months spent in actual oblivion. He is living in the home of Colonel Mogomaleff, the chief representative of the anti-soviet faction of Russians in Japan.

Adherents of this faction deny that there is any connection between the Cossack leader's visit to Tokyo and the recent anti-soviet rising in Amur province. Siberia, reports of which event they confirm, but they add it is impossible that a man of Semenov's eminence should remain forever out of the struggle against Bolshevism.

These adherents admit that Semenov is awaiting the opportune moment for his return to Siberia, which they assert, has not come.

Semenov has been living in seclusion in Nagasaki for the last year. It was at that port that the port that the Semenov permitted him to land in June, 1922, for medical treatment. Originally they had declined to permit him to enter the empire on his return to the Far East after a trip to the United States.

Reports from Albany intimated that O'Rourke's accusations would be given to a special grand jury.

COX ASKED TO BE CANDIDATE FOR PRESIDENT

Patriarch of Democratic
Party Urges Former Ohio
Governor to Make Race
Again.

(Associated Press Leased Wire)
MIAMI, Fla., Feb. 21.—Former Governor James M. Cox, of Ohio, who is in Florida, had no statement to make with respect to The Associated Press dispatch from Cleveland yesterday. He did, however, give out copies of the following correspondence. The first letter is from James E. Campbell, former governor of Ohio and one of the patriarchs of the Democratic party.

He was chairman of the Ohio delegation at the San Francisco convention in 1920 and will be a delegate at large at the New York convention. His letter to Governor Cox reads:

"Columbus, O., Feb. 7, 1924.
"My dear friend: It is my duty to disturb your vacation long enough to say that many influential Democrats from various parts of the State have implored me to write you. Most of them like myself are members of the Old Guard who have no personal political ambition but who are exceedingly anxious to have the Democratic party succeed in the forthcoming national election. It is their opinion, in which I fully concur, that you would be the most available and the most deserving presidential nominee whom the Democrats could select; and at their suggestion and in conformity to my own judgment and feelings, I write to insist that you shall comply with the Ohio law in regard to candidates for that office. It is the only way by which your friends can legally secure the delegation which, I assure you, will be unitedly and enthusiastically in favor of your nomination at the convention to be held in New York City on June 24.

"I do not think it should be necessary that an old friend like myself should enlarge upon this subject. You know what steps are necessary under this constitution to make you eligible for support by the Democracy of the State. I, therefore, urge you to seriously consider this proposition and to conform to my request if you can see your way to do so with propriety and with due regard to the interest of your family and your business affairs.

"Awaiting your reply hopefully, I am,
Sincerely yours,
JAMES E. CAMPBELL,
Governor of Ohio.

"Miami, Fla., Feb. 18, 1924.
"My Dear Governor Campbell:

"I have your letter in which you request consent of the use of my name in the Democratic primaries in Ohio.

"You are well aware that I have had no inclination to enter into any contest for delegates anywhere. If, however, it is the belief of the Democracy of the State that the principles for which I stand can be promoted by your suggestion, then I most happily acquiesce.

"Very truly yours,
JAMES M. COX

WEATHER FORECAST

(Associated Press Leased Wire)
WASHINGTON, Feb. 21.—Virginia, Fair tonight and Friday, cold tonight except in extreme south-west portion.

North Carolina: Fair tonight and Friday; colder in the morning and tonight; rising temperature in extreme west portion Friday.

Delegate Houston, of Hampton, recognized as spokesman for the pilots on the floor of the house, at first opposed the motion but later accepted it. He was bitter in his denunciation of the Lester bill and declared it would be fought to the end.

"I was so disgusted with the tactics of a certain Senator yesterday before the House Committee on Currency and Commerce that I wanted to leave the room," he said. "This crowd, flushed with victory and bearing high their banner want to throttle the bill down the throat of the House, but this little tattooed army over here

Critics of Attorney General Claim They Possess New Charges Which Make It Appear More Reasonable That He Should No Longer Be Permitted to Sit in Cabinet.

(Associated Press Leased Wire)
WASHINGTON, Feb. 21.—A report that Attorney General Daugherty has bought and sold Sinclair oil stock is under investigation by the Senate Oil Committee.

Such a report was submitted by a special investigator and was laid before the committee in executive session. A check up of brokers' books to establish whether it is true is now in progress.

(By the Associated Press.)
WASHINGTON, Feb. 21.—Having failed to induce President Coolidge to immediately remove Attorney General Daugherty from office, Mr. Daugherty's critics in the Senate today laid out a plan of campaign which they predicted would force him to resign.

Preparations were being made to lay before the country in a public investigation new charges and claims that recently have reached the ears of Senators and to make ever clearer the belief of Republican Senate leaders that the attorney general should not be permitted to sit in the cabinet.

It was revealed today that much of the material collected by those opposing Mr. Daugherty, as well as much of the data gathered by individual Senators in the oil inquiry, was withheld in the hope that the president voluntarily would clear his administration of those who recently have been attacked in Congress.

Among other things, a special investigation has been reported to at least one Senator that the name of a cabinet official appears among those listed as having purchased Sinclair oil stock. This development, has been reported to the oil committee by the president; but a check of brokers' books is yet to be made to establish the accuracy of the report.

Senators say the name of the cabinet official will not be revealed until any evidence is produced on the subject. Hearings after their resumption Monday. It is known, however, that the investigator's list of reported stock buyers also includes at least one man who formerly held high post in the government but retired some

Would Prolong Selling Season If No Season Comes

Auction sales of tobacco which have been increasing in volume recently were considered heavy today in view of the state of the weather. Approximately 200,000 pounds of leaf was offered, the sales being terminated by 11:30 o'clock. A slight upward trend in prices was noted by one warehouseman. Some of the Danville warehousemen are of opinion that unless a "natural season" is afforded between now and March 14 the date of closing the auction sales for the season should be deferred for a week or ten days in order to offer a final opportunity for the growers to bring in what little tobacco they have left. The last mild humid weather experienced in this section giving growers an opportunity to handle their tobacco was before Christmas and the weather was formerly managers predict that if the market closes before another "season" occurs some leaf will remain in the hands of the growers.

ACTION ON PILOT BILLS POSTPONED UNTIL TUESDAY

(Associated Press Leased Wire)
RICHMOND, Feb. 21.—Action on pilotage legislation today was postponed by the Virginia House of Delegates until next Tuesday.

Delegate Rew, of Accomac, made the motion to postpone, explaining that the Lester bill, placing the Virginia Pilot Association under jurisdiction of the State Corporation Commission, already passed by the Senate, would not be considered by the house committee on currency and commerce until tomorrow.

Delegate Houston, of Hampton, recognized as spokesman for the pilots on the floor of the house, at first opposed the motion but later accepted it. He was bitter in his denunciation of the Lester bill and declared it would be fought to the end.

"I was so disgusted with the tactics of a certain Senator yesterday before the House Committee on Currency and Commerce that I wanted to leave the room," he said. "This crowd, flushed with victory and bearing high their banner want to throttle the bill down the throat of the House, but this little tattooed army over here

MARTINSVILLE BANK PLANS NEW BUILDING

(Special to The Register.)
MARTINSVILLE, Va., Feb. 20.—The First National Bank of Martinsville has chosen plans for its new building which have been prepared by E. R. James of Danville. The new structure which will occupy the present site of the bank will represent an investment of about \$50,000 and will be a handsome structure. The exterior design will be Italian Renaissance, being built with Italian limestone. The interior will have a combination of marble and bronze. The facilities of the bank will comprise a large office, a waiting room, ladies rooms and lavatories. The vault will be of reinforced concrete lined with drill proof doors.

TO RECEICE HONORARY DEGREE

RICHMOND, Feb. 20.—The Rev. R. S. Owens pastor of Calvary Baptist Church, Roanoke, and the Rev. Ira D. Knight, pastor of the Norfolk Park Place Baptist Church, will receive the honorary degree of Doctor of Divinity from the University of Richmond at the coming commencement. President R. W. Boatwright announced today. The university confers make two such degrees annually.

Don't Neglect Your Skin

Ladies—A few days' treatment with **CARTER'S LITTLE LIVER PILLS** will do more to clean up the skin than all the beauty treatments in creation. An imperfect complexion is caused by a sluggish liver. Millions of people, old, young and middle-aged, take them for Bileusness, Dizziness, Sick Headache, Upper Stomach and for Sallow, Pimples and Blotchy Skin. They end the misery of Constipation.

Small Pill—Small Dose—Small Price

Those night attacks of coughing

STOP the first coughing spell with Dr. Bell's Pine-Tar Honey—then sleep returns. Dr. Bell's contains just the medicine that your own doctor has prescribed for coughs—combined with the old-time remedy, pine tar honey, so soothing to inflamed tissues and pleasing to the taste. Keep Dr. Bell's in easy reach of all the family.

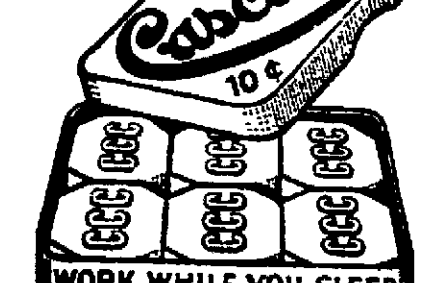

All druggists. Be sure to get the genuine.

WORK WHILE YOU SLEEP

If you feel full, sick or uncomfortable after eating, here is a harmless stomach reliver. "Pape's Diapopsin" settles the stomach and corrects digestion the moment it reaches the stomach.

This guaranteed stomach corrector costs but a few cents at any drug store. Keep it handy—adv.

A Stubbish Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easy and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very potent in action. Under its healing, soothing influence, chest soreness, cough, phlegm, hoarseness, comes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered in 24 hours or so. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ cups of Pine into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keep it perfect and children love its pleasant taste.

Pine is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its powerful healing effect upon the respiratory organs.

MAYORALTY FIGHT GROWING QUIETER AFTER EARLY START

The prospective contest for the mayoralty of Danville, that promised to flare up actively, if not spectacularly, a week or ten days ago, appears to have quieted somewhat. A recent conference of the friends of G. H. Guerrant, who had indicated that he might shy his hat into the ring as a contender with Captain Harry Wooding for the honor he now holds and so long held against all comers, has not been followed by the anticipated organization of a Guerrant club to advance his interests. It is known, however, that Mr. Guerrant has been conferring with men of political experience and judgment in various sections of the city with a view to sounding the sentiment of the masses as far as it may be practicable to do.

During the last two or three days this inactivity or absence of open activity on the part of Mr. Guerrant and his friends has given rise to a tendency to cast about for another candidate. Men who frankly claimed themselves opposed to Captain Wooding are casting about with a view to selecting a man who appeals to them as a strong candidate. In this connection the name of Charles B. Davis has been several times heard. His personal popularity and the appreciation of friends may in a measure account for the concurrence of several in urging him as a man who would make a strong run. The anti-Wooding forces are candidly seeking the man, who, in their judgment will stand the best prospect of winning the mayoralty, whether it be Mr. Guerrant, Mr. Davis or somebody else not yet mentioned.

FOUR NURSES HAVE NOW RETURNED TO HOSPITAL

At least four of the student nurses who resigned or quit their training for the profession at the General Hospital during the incumbency of Miss Doan, former superintendent of that institution, have availed themselves of the opportunity offered them by the staff to return and resume their training. This about restores normal conditions in this respect at the hospital. Miss Doan is still acting as superintendent pending action by the board and medical staff to secure a new superintendent.

So far as known, no decision has been reached in the matter of choosing a superintendent or of offering the post to any one, but there is reason to believe that the board and staff are quietly seeking one who may command respect or direct the institution. The idea of selecting a man with executive ability and the desired qualifications otherwise has been advanced for several months and may be under consideration. The Memorial Hospital in Richmond has long been under male superintendency, and medical men say that many hospitals are now headed by men. Some incline to the view that a man can more satisfactorily develop such an institution than a woman.

D. M. I. FULL DRESS PARADE 2:30 TOMORROW

Danville Military Institute's Cadet Corps will give its first full dress parade for the year on tomorrow. Though the bad weather of the past two days has held up the final program of polishing off movements to a considerable extent, no doubt the parade will be experienced in giving the parade.

Full dress coats, dress shoes and a few other pieces have been added to the cadet equipment this year for the first time, and the effect is more than pleasing.

Companies will be commanded by Cadet Captains Booker and Biggs, M., and in the event Cadet Adjutant Duncan is unable to be on the parade grounds, by reason of a game knee recently hurt in basketball, Cadet Lieutenant W. Bolen, ranking subaltern officer, will perform the duties of that office.

A short exhibition battalion drill will be given, following which battalion review will be executed.

The public is cordially invited to attend the ceremonies which will be given on the institute parade grounds at 2:30 tomorrow.

ANOTHER ATTEMPT TO START MAGAZINE

CHAPEL HILL, N. C., Feb. 20.—A third attempt will be made by the students of the University to start a comic publication that will bear the stamp of official approval. No name has yet been selected for the latest magazine but it will be published immediately under the auspices of the Publications Union, however, at present the Union will not contribute to the magazine's financial status.

The trials of those attempting to publish a humorous and comic magazine at the University have been numerous and difficult. Plans for this attempt as a comic magazine that will receive the approval of the faculty have been forming ever since the Boll Weevil editorial staff was dissolved last fall by the action of the faculty. The Boll Weevil is still being published, but not as an official organ of the University. Steve Brody, the manager of the Boll Weevil, states that he intends to continue its publication. The Tar Baby was the first official comic magazine that was published here. It was successful for some time and then faded into oblivion under poor management.

Two issues of the new publication will be printed between now and Commencement. The first will appear around Easter, it is expected. The editor of the unnamed periodical is Earl H. Hartwell, of Stanfield. He is a senior and has a reputation as a good student writer. He will be assisted in the selection of a business manager and an editorial staff by C. B. Colton, editor of The Tar Baby, George T. Ragsdale, editor of the Carolina Magazine, W. C. Proctor, A. B. Martin, and G. B. Bishop.

Mr. Hartwell proposes to hold a state-wide contest for a suitable name for the publication. He also stated that he would attempt to keep the magazine clear of the usual "woman and song" type of humor and would seek, on the clearest and the most original of wit and satirical writings.

Professor A. C. Hibbard of the English department, a former newspaperman, has expressed his confidence that there was room for such a publication as it gives an outlet for the expression of the student.

AMERICAN ISSUES

(By The Associated Press.)

NEW YORK, Feb. 20.—Rollin Eberhart, editor of the American Issue, tonight submitted his resignation as editor to the board of directors of the Anti-Slavery League of New York, declaring that he could not "consistently" with his conscience certify that all now was well with the league following the appointment as successor to William H. Anderson, former state superintendent of Arthur J. Davis, former head of the Massachusetts league.

Police Say He Confessed

Recently Father Hubert Dahme was shot down on the street of Bridgeport, Conn., by a man said to have been walking with him. Police have arrested a man giving name of Harold Israel (left) and they say he confessed to the killing, but can give no reason for his act.

STORY OF RADIO CURE FOR DEAFNESS

RICHFIELD, N. C., Feb. 20.—The world of science and medical investigation may be revolutionized in the future by the continued experimentation in radio in relation to the effect that it has upon the senses, especially that of hearing, if the occurrence that is said to have taken place in this city, is found to be a natural thing and not just a coincidence.

The story that appeared in the Stanley News-Herald, tells of a young man who had been deaf and dumb from birth who regained his hearing suddenly while trying to listen in over the radio.

Trudell Ritchie, 16 year old son of Mr. and Mrs. J. M. Ritchie, has been deaf and dumb from birth, says the News-Herald, "and up until a few days ago had never heard a sound of any kind. He was trying on the head gear of a radio set when he made known that he had heard and was not deaf and dumb. The sound was not clear and the apparatus was adjusted, his face registered delight and he claimed that his hearing was more distinct. He now claims that he can hear over the radio but not otherwise."

The amplifier was tested out but he cannot hear except using the headgear. It is claimed that he can distinguish different kinds of music by this means although he had never heard them before.

"The young man is well educated in the mute language but this is the only means which he has had in the past of getting an idea of music or as a means of distinguishing between the different musical instruments."

"The incident has created quite a sensation throughout the county and many people have come to Richfield to confirm the story."

"It is believed by many that the discovery of a means of hearing on the part of this deaf mute, may lead to important developments in the scientific world."

GOV'T LOSES MONEY ON FOREIGN MAIL

WASHINGTON, Feb. 20.—The United States is preparing to send a delegation from its post office department to the quadrennial meeting of the Universal Postal Union Congress at Stockholm, Sweden which begins June 4 and will continue its deliberations several weeks. Various important questions relating to the detailed conduct of international postal affairs for the ensuing four years will be determined by the congress.

One question will be the equitable adjustment for the payment of transfers of foreign mails across the United States as well as across foreign countries. Postal officials here point out that England is able to collect as much from the United States for shipping a cargo of American mail from Southampton to London for export across the North Sea as the American government can collect for taking a cargo of English mail from New York to San Francisco for shipment to Australia.

Practically all of the countries of the world are members of the Universal Postal Union and will be represented at the congress.

Assistant Postmaster General Henderson, speaking of the matter of transit mail recently, declared if the United States could get approximately what it costs to transport English and other foreign mails across the American continent when in transit to the Pacific countries, there would be a difference of about \$1,000,000 a year in the American postal service's transportation expenses.

FIND THE SKELETON OF WOMAN

(By The Associated Press.)

ORLANDO, Fla., Feb. 20.—While workmen were excavating on the shores of Lake Ivanhoe here this morning they came upon the skeleton of a woman the skull of which had been crushed.

NEW HEAD

Major Wallace W. Kirby of the engineers corps, has been named new head of the Bureau of Engraving at Washington.

CHANGE IN LOCAL CLOTHING BUSINESS

Two interesting changes in the local clothing business came to light yesterday when John T. Smith announced that he had withdrawn from the firm of J. N. Moore Inc., men's clothing, Main street and had become associated with Charles D. Cook 117 South Market street. Mr. Smith has bought W. E. Jefferson's interest in the clothing store known as Jefferson and Cook, the change to take place almost immediately. J. N. Moore Inc., also has withdrawn from that establishment and plans a projected rest before launching into a new enterprise. J. M. Robertson is temporarily manager of J. N. Moore Inc.

Mr. Smith stated last night that he saw a good opportunity in acquiring Mr. Jefferson's interest in the Market street store. He stated also that they would carry a good line of men and boys' furnishings. Mr. Smith has been for the past few years in the men's furnishing business being with J. and J. Kaufman prior to his employment at J. N. Moore Inc.

DWELLING IS TO BE CONVERTED INTO APARTMENT HOUSE

Plans are being prepared by E. M. James for the conversion of the dwelling of W. T. Cousins on West Main street into a four-family apartment. It is expected that the contract for the work will be let during the next ten days. The building will be extensively remodeled and added to so as to provide adequate facilities in two flats upstairs and two downstairs. The improvement will probably represent an investment of about \$15,000 or \$20,000.

"Y." DIRECTORS RESUME NEW BUILDING PLANS

The Y. M. C. A. directors are expected to meet this afternoon at 5 o'clock, now that Chairman Carrington has returned to the city, and resume the consideration of plans for the enlargement and extension of the Association building. Messrs. Carrington, Talbot and General Secretary Corwin are a committee which has considered plans for this enlargement, and these plans are being presented in detail to the full board of directors and will be considered by them in every detail before reaching a definite conclusion as to plans, probable cost, etc.

Mr. and Mrs. Peter Harrison Windsor, of Danville, are stopping for a few days at Hotel Richmond, according to the Richmond Times-Dispatch.

More Home Owners Every Year

IN

Danville

Through the

Mutual Plan

The Shareholders of the Mutual Building and Loan Association are doing a great work towards making Danville a city of more and Better Homes.

Now Is a Good Time

To join in this good work, not only for the returns on your investment but for the great good to the entire community. The Mutual offers more than a Thrift proposition, although the plan of systematic saving could not be improved on.

Every dollar of the resources of this Association is used primarily to aid in development of the City and as a community of Better Homes. You may not plan to Own a Home of your own just now, but by taking shares in this Association, you can begin a fund for that purpose, as well as lend material aid to the entire community of Home Builders and Home Owners.

Keep your money at home, in this DANVILLE Institution.

STUBBORN CONTEST OVER INCOME RATES EXPECTED

(Associated Press Leased Wire)
WASHINGTON, Feb. 21.—The House hurried along with consideration of the revenue bill today while leaders lived up their forces for a second showdown on the income rates section when the bill is up for final passage.

A stubborn contest over the income rates voiced into the bill by the Democrats and Republican insurgents appears certain, with Representative Longworth, Republican leader claiming a defection in the ranks of the 17 Republicans who voted for the Garner schedule. Some of them he said, have made overtures indicating they would like to vote for a Republican measure.

Leaders are studying the parliamentary strategy involved in such a contest and the organization Republicans are centering their attention on an effort to obtain a record vote on the compromise suggested Tuesday.

CLAIM THAT DAVIS' ELECTION TRIUMPH FOR ANDERSON FORCES

(Associated Press Leased Wire)
NEW YORK, Feb. 21.—Officials of the Anti-Saloon League of New York today were confronted with the assertion of Rollin C. Everhart, editor of the American Issue, that the election as State Superintendent of Arthur J. Davis, former head of the Massachusetts League, was a triumph for the forces in sympathy with William H. Anderson, whom Dr. Davis succeeded and who is under sentence for third degree forgery.

In sending his resignation to the league board of directors yesterday, Mr. Everhart said he could not "conscientiously with my conscience" certify that all was "now well with the league."

McAdoo Plans to Radio Campaign; Plant Installed

(By Chicago Tribune Service)
CHICAGO, Feb. 21.—"This is station WGM broadcasting latest views on free trade, the Esch-Cummings Act, the bonus and world peace, located on the home of William Gibbs McAdoo in Los Angeles, Cal. Please stand by."

Such a message may be coming through the static to radio listeners in before long, if plans set afoot today by the candidate for the democratic presidential nomination do not go astray. The department of commerce was asked, to grant the permit and Mr. McAdoo said that he would at once erect a plant at his home to cost about \$30,000, and speak at various hours of the day at night. Apparatus to reach all parts of the country will be used, he said.

Mr. McAdoo left for California this evening.

PROPERTY TRANSFERS

Several deeds of bargain and sale denoting the transfer of both improved and unimproved property were recorded at the office of the clerk of the corporation court yesterday. These included the purchase by the real estate firm of Patton Temple and Williamson of several lots on Marshall Terrace. Four 20 foot lots were purchased for \$2,000. Patton Temple and Williamson also purchased for \$2,000 the same firm buying in 12 additional lots on the same street from the Anderson Real Estate Company for a total of \$5,400.

James L. W. Staples has purchased from Julian Meade, special commissioner a fifty foot lot on Stuart street for \$1,050 and Marie S. Holland from W. T. Graveley 49 feet on Harrison street for \$650.

Builds Up His Strength and Relieves Many Stomach and Liver Troubles.

by Mr. Longworth, calling for a maximum sur-tax rate of 37 1/2 per cent, and the normal income rates recommended by Secretary Mellon. The Democratic schedule raises the maximum tax from the proposed 25 per cent, to 44 per cent, cut normal rates and increased personal exemptions. A solid vote on several parliamentary decisions as well as on the record vote will be necessary for displacement of the Democratic rates.

Administrative sections of the bill were read today and chairman Green, of the ways and means committee, in charge of the discussion, expressed hope that the estate and excise tax sections might be reached by tomorrow at the latest.

Among sections yet to be taken up is the provision for a 25 per cent reduction in 1923 income taxes, payable this year, and Democratic leaders have said they would seek to amend this to make the income tax already adopted retroactive as of 1923.

CLAIM THAT DAVIS' ELECTION TRIUMPH FOR ANDERSON FORCES

In nominating Mr. Davis, the resigning editor said, Dr. Purlley A. Baker, head of the league's national organization, was not sufficiently acquainted with the facts of the situation to pass proper judgment.

Mr. Davis, he continued, was head of the committee which investigated the Anderson situation and personally fought in that committee for approval of Anderson's then unqualified re-election as New York State superintendent, expressing full confidence in him as late as February 1st.

Breaking the silence he has maintained since his conviction, Mr. Anderson characterized Mr. Everhart's charges as absurd.

Five Leagues Are Functioning Says Bok Prize Winner

CHICAGO, Feb. 21.—There are five leagues of nations in the civilized world now functioning either in whole or in part, Dr. Charles H. Levermore, Ph. D. of New York, winner of the \$50,000 Bok prize, plan prize, today told the Rotary Club of Chicago.

Dr. Levermore, who told of how he conceived the plan which won the peace prize, divided his address into three parts. His first topic was the prize plan itself, in the second he dwelt on the leagues of nations which are now existing and in the third he painted a glowing world picture of the whole world as a village with nations living beside each other in peace, amity and comfort.

Wild Horses Sold at \$5 Following Western Roundup

DALLAS, Feb. 21.—Wild horses at \$5 a head will be offered on the market after a spectacular roundup in the Cariboo in which every cowboy is getting ready to take part in the spring.

Not content with damaging the ranches and overrunning grazing lands, farmers say the horses entice well behaved domestic animals into the open with their whinnies of freedom.

Government officials and the farmers have combined to rid the country of the nuisance.

Linemen Kept Busy Restoring Wire Service

(Continued from Page One.)
namesake. Mr. Frost is district superintendent of plants in Lynchburg and heading of the grave condition here, came last night. He had a conference with all of his men last night and mapped out work for today.

Indirect reports from Bachelor's Hall indicate that B. W. Frost, owner of the name, has suffered a very heavy loss. The system has been practically wiped out and will have to be rebuilt. Some of the linemen here will probably give him assistance within the next few days. In the meantime literally hundreds of rural homes are without telephone communication.

The city electric light force keeps busy restringing the wires and it is believed that the danger of accident from touching charged wires has been eliminated. E. C. Brantley, superintendent of the city plant, has devoted the past twenty four hours to this work. In this connection it is learned that O. G. Crenshaw, an electrician of Reidsville, was killed yesterday, when he touched a charged wire while trying to do some repair work.

Reports of serious damage to fruit trees is fully confirmed and many farmers here today who were questioned spoke of the weight of ice-laden branches caving way, many being split in two. One farmer from Pelham, near the city, reported that when he went out yesterday to milk his cow, the noise of crashing trees and snapping boughs resembled a miniature cannonade. In wooded places where trees stand thickly, great groves have been wrought, rows of trees being borne down by tons of ice gathered on the branches. The damage done puts at the disposal of farmers an enormous quantity of firewood.

Many people observed that the further serious damage which might have been done had the temperature which prevailed this morning and the high wind come yesterday. This combination would have resulted in damage far more widespread than that actually occasioned.

Advices received by mail from Chatham, tell of unusually heavy damage done there through the prostration of power wires. The town was in darkness on Tuesday night and many telephones were out of commission. Damage to trees is also reported as extensive.

Gretna also was in darkness on Tuesday night where poles and wires strung under the strain. Damage in Martinsville is also reported as severe with industrial activity interfered with through breaks in transmission lines. South of the city some have been heard from yet but it is assumed that similar conditions prevail there.

Traumen coming in from Stuart this morning brought the first direct word of conditions west of Martinsville. The Patrick county apple orchards have not suffered seriously, he said on account of the sleet fall, being very much lighter in that section than in this immediate locality. So far as could be learned at Stuart by Danville and Western railway men, the large orchard interests have not been hard hit. The wires between Danville and Martinsville, however, went out and there was some trouble in the vicinity of Shuff but all of these troubles were reported clear today and trains operating on normal schedules.

PRAYER MEETING TOMORROW

The Women's Union Prayer Meeting will be held tomorrow afternoon at 3:30 o'clock, with Mrs. M. A. Allen, on Main street. The meeting will be led by Mrs. E. Heidebach. Will speak on the theme: "If God is With Us Can We Fail?"

APPROPRIATION BILL RESTING IN COMMITTEE

Will Remain There Until Senate Acts On Measures to Increase Revenue.

(Associated Press Leased Wire)

RICHMOND, Va., Feb. 21.—After making history in the Virginia General Assembly by sailing through the house yesterday without debate or amendments, the appropriation bill for the next biennium now is peacefully sleeping in the finance committee of the upper body. There it will rest until the Senate has acted on several measures expected to increase the state's revenue today. Still there were members of the House who could hardly realize that the general appropriation bill had been acted upon and that the long, heated and sometimes tiresome debate on the measure would not be had this session.

Among these was Sinclair Brown Roanoke, chairman of the appropriation committee. The chairman of this committee usually is put through what has been termed the third degree by members. After concluding the customary explanation of the bill yesterday, Chairman Brown took his seat.

Then the fire works started and before the chairman had time to realize what had happened he had become the only chairman of an appropriation committee in the history of the state who had his bill, carrying approximately \$2,000,000, adopted without changes or argument.

Delegate Johnson, Isle of Wight, who made the motion for the pending question, said he declared his action when he heard rumors that a filibuster on the bill was being planned. Chairman Brown remarked that the motion came in a such surprise to him he did not know whether it would be best to vote for or against it.

If the bill increasing the tax on instabilities is passed by the Senate, the appropriation measure will have easy sailing in the upper body, in the opinion of Chairman Garrett, of the Senate Finance Committee. Another measure designed to place a \$1 stamp tax on each marriage license and one to increase the estate taxes on every motor truck also are awaiting action in the Senate. These bills are expected to provide additional revenue to be devoted to removal of the states deficit of approximately \$1,000,000.

A flat appropriation of \$1,000,000 to be applied to the deficit is contained in the general appropriation bill.

TWO DESPERATE NEGRO CONVICTS ESCAPE FROM RICHMOND JAIL

(Associated Press Leased Wire)
RICHMOND, Va., Feb. 21.—Oscar Brooks and Benny Valentine, negroes, described by the police as "desperate characters" under sentence to long terms in the State penitentiary here, saved their way from cells in the city jail here today, overpowered the guard, then held up the patrolman on the beat, and made good their escape. The fugitives are armed with pistols taken from the guard, Frank Silva, and Patrolman P. H. Brooks.

Brooks was under sentence to 25 years imprisonment and Valentine, his confederate in a series of highway robberies here last fall, had been sentenced to nine years, and had two more indictments pending against him. They were held at the city jail awaiting transfer to the penitentiary.

Police officials are of the opinion that the bars of the cell were

SINCLAIR TALKS ON EVERYTHING EXCEPT TEAPOT

Says He Is Willing to Appear Before Committee If They Want Him But Declines to Discuss Subject.

(Associated Press Leased Wire)

NEW YORK, Feb. 21.—Expressing willingness to appear before the Senate Oil Investigating Committee in Washington, "if they want me," but declining to discuss the Teapot Dome inquiry until he familiarized himself with the situation, Harry F. Sinclair arrived yesterday from Europe aboard the President Harding. He was met by members of his family and Colonel W. J. Zevely, his attorney, and motored to his home.

Mr. Sinclair was in a genial mood, smilingly posing for photographers and answering questions of reporters on every subject but Teapot Dome. When the newspapermen came aboard he sent word that he had a very "sensitive statement" which proved to be a discussion of the prospects for consumption of American Petroleum products in Europe during 1924.

The oil man gave assurances that his race horse Zev would meet him, and French champion, next summer, although details of the match have not been arranged.

Increasing popularity of small motor cars in France, Germany, Belgium and England—the countries visited on his trip—is increasing consumption of gasoline and other petroleum products, Mr. Sinclair said. America, he added, would be called upon for large quantities of oil this year despite the mounting quantity of Russian oil going into the European market. In his opinion a Russian production, however large, will be taken most seriously at any time since 1914.

Morris Is Fined For Assault On Henry Arnstein

At a hearing in the Police court this morning, W. T. Morris was fined \$25, and costs on a charge of simple assault as a result of an attack several days ago on Henry Arnstein in a shoe shine parlor on Main street. Morris has no defense to make other than to explain that he had made derogatory remarks about him and his business.

Arnstein took the witness chair first. He said on the day of the assault he went into the Danville shoe shine parlor and in a few minutes Morris came into the place also. Without provocation, he charged, Morris commenced cursing him in another moment he said, Morris grabbed him by the collar commenced a vicious assault. He charged that Morris struck him in the eye, broke out one of his teeth and after knocking him down on the floor, kicked him severely about the body. The witness said that he did not or could not remember the exact words of the charge, but he called for help while Morris was kicking him but no one interfered and he finally managed to get up and make his way to the Police station where he reported the matter. He said he was later removed to the hospital where he remained several hours.

Arnstein was asked by Assistant Commonwealth Attorney E. B. Benton had made a statement to various persons, charging that Morris operated his cleaning and pressing establishment as a "blind" and that he was running a "blind" operation. The witness denied making any such statements but began to tell about some other matter when he was halted.

Morris had no counsel and questioned Arnstein himself. He asked him if he had not been going around to his friends and telling them that he was using his business to shield his operations as a bootlegger, to which question Arnstein quickly answered, "no."

Arnstein also related something about a debt owed him by Morris this amounting to something over \$10. He said that the action through the magistrate against Morris and collected the debt. Following this he charged that Morris met him on the street and told him he was going to "get even" some day. He attributed the attack to this reason and not the whisky handling charge, as alleged by Morris.

Morris' statement was brief. He said that a number of his friends, whose names he did not care to reveal, came to him and informed that Arnstein had accused him of handling whisky and using his business as a "blind" to shield his bootlegging operations. He was asked if he was a "blind" commonwealth's attorney to

WOMAN'S GREATEST ASSIST Health is woman's greatest asset. It depends on charm, beauty, power to attract others, happiness and success, and it is what really makes life worth living. Thousands of women suffer from headaches, backache, nervousness, general depression and mysterious pains, who could find immediate relief by taking Lydia E. Pinkham's Vegetable Compound which is made from roots and herbs. For nearly half a century this medicine has been recognized as the standard remedy for woman's ills.—adv.

Man Held In Fla. Believed to Be Noted Bank Robber

(Associated Press Leased Wire)
MIAMI, Fla., Feb. 21.—A man believed to be Roy Dickerson, noted Alabama criminal and convicted of robbing a bank in Phoenix county, Alabama, several years ago, is being held here, according to an announcement made by the police today. Alabama authorities have been notified.

NOT BELIEVED RIGHT MAN

(Associated Press Leased Wire)
MONTGOMERY, Ala., Feb. 21.—Authorities here are not convinced, from meagre description received, that a man arrested at Miami, Fla., and believed to be Roy Dickerson, is

the escaped convict. A prison official will go at once to Miami, however, to attempt to identify the man held.

Dickerson, by a ruse never satisfactorily explained, escaped from Kilby prison here several months ago after serving a few months of a 10 year term for robbing a Phenix City bank years ago. He has a record of several daring escapades. Mrs. Dickerson is serving a term in state prison in connection with the robbery.

WEDDING LICENSES

Marriage licenses have been issued in the office of the clerk of the corporation court to: Albert Wilson and Pearl Galloway, colored, both of Reidsville; Charlie Potot and Rosale L. Holt, Danville; Howard E. Barker and Martha E. Hancock, both of Danville; Lonnie Strickland and Lady L. Martin, of Danville.

60,000,000 POUNDS IN ONE TRANSACTION

RECORD PURCHASE OF BURLEY TOBACCO
LOUISVILLE, Ky., Jan. 18. The largest sale of leaf tobacco on record has just been announced by the Burley Tobacco Growers' Cooperative Association, which sold to Liggett & Myers Tobacco Company, sixty million pounds of Burley leaf. The quantity of the purchase was a very large one for the Burley Tobacco Company, which has been growing in Kentucky for many years. The purchase was made at a price of \$1.00 per pound, which is a record for the Burley Tobacco Company. The purchase was made at a price of \$1.00 per pound, which is a record for the Burley Tobacco Company. The purchase was made at a price of \$1.00 per pound, which is a record for the Burley Tobacco Company.

Both men are in the cleaning and pressing. It was brought out that Arnstein's age was "something over sixty years." Morris said he was thirty-four years old.

The following other cases were disposed of: E. D. McNeely, violate traffic ordinance, dismissed at cost; C. E. Johnson, violate traffic ordinance, continued; R. T. Penn, violate traffic ordinance, dismissed at cost; Mike Cunningham, colored, disturbance, \$11, trespass, \$11; Horace Halston, colored, violate Mapp act, continued; Irvin Williams, reckless driving, fined \$11 and costs; W. S. Mickey, juvenile from justice, turned over to North Carolina authorities; Anne Bell Moore, colored, fugitive from justice turned over to North Carolina authorities; Annie Michaux, colored, receive and conceal stolen goods, sent to grand jury.

Expect Action On Bill to Cut Fees of Officials Today

(Associated Press Leased Wire)
RICHMOND, Feb. 21.—Action on the Norris-DeRice measure reducing the maximum compensation of fee officials in Virginia is expected to be taken late today by the House Finance Committee.

The measure provides that the maximum compensation of a fee officer shall not exceed \$5,000 a year and that the minimum amount shall not be less than \$2,000. Passage of the bill would result in the state receiving approximately \$50,000 additional revenue a year, according to the patrons, who have predicted favorable action will be taken by the committee.

Austria Recognizes Soviet Russia

(Associated Press Leased Wire)
MOSCOW, Feb. 21.—Austria has given Soviet Russia recognition de jure, according to advices received by the foreign office here.

Recent advices from Vienna have indicated that Austria was on the eve of formal recognition of Soviet Russia following the recognition given that government by Great Britain, Italy and Norway in the recent past.

ROYSTER Field Tested Fertilizers

The year 1922 was a "vintage year" for Burley tobacco—the best Kentucky ever grew. Favored all through the season with exceptional tobacco weather—just enough warmth and not too much rain—the crop developed a "body" and character seldom before equaled. Our recent 60-million-pound purchase included a big carry-over from this fine crop. Fine quality—mild, full, mellow flavor—this is nothing new for Velvet smokers; but this big supply is an extra safeguard. The same price—mark this well—the same quality as always: "The best Burley grown in Kentucky."

Tony Sarg's Marionettes
Red Riding Hood and the Wolf, the best loved of all children's fairy tales is to be told by Tony Sarg's Marionettes next Monday afternoon, February 25, 3:30 o'clock at Averett College. And Red Riding Hood isn't the only story the Marionettes are telling this year, for Mr. Sarg has prepared two plays and some living Marionettes, with a Juggler who comes out and talks to you if he likes your faces. The other play is Hansel and Gretel, the poor little children who didn't get any supper and had to go out to the forest to see if they could find some strawberries.

Mr. Sarg's pet dog will appear, but we can't tell you what he looks like for that is to be a surprise. Friday evening, February 22, at 8 o'clock, the Marionettes will present the famous romance, Cervantes Don Quixote.

This is Mr. Sarg's most ambitious Marionette play and the entire company has been schooled in the rendition of their lines as well as in the manipulation of the strings which control the actors.

Being a caricaturist himself, Mr. Sarg has found it difficult to find a caricature of Knighthood in decay. Many who are interested in the mechanics of making wooden-headed actors more life-like than those with skulls of bone will marvel at the dances, the feats of horsemanship and tilting contests, and the five hundred strings which are so manipulated as to make these things possible. Curio collectors and those who love to haunt museums will be interested in the Spanish relics worn by the actors, and sportsmen will be interested to know that Tony Sarg has used more than 2000 yards of the finest imported silk to make the strings. The imported silk will properly wear his jaw when it becomes necessary to learn how many teeth he has lost.

Those who know Mr. Sarg's work in past seasons, will not be disappointed when they sit through the scenes of Don Quixote and watch the story unfold as naturally as ever drama did on a larger stage. All the handicraft, the originality, of America's Marionette Master are evident in this new production.

Interesting Missionary Meeting.
Circle No. 1, of the Woman's Missionary society of the First Baptist church, entertained all the circles at their regular meeting last Monday afternoon, at the church. The subject for the evening was "Cuba and the Canal Zone." Miss Sallie Covington made a very interesting talk on Cuba, and Mrs. T. A. Weller read a paper on "The Church's Responsibility in the Canal Zone." Many interesting facts were disclosed as to what has already been accomplished. Mrs. Lancaster and Mrs. Bowman sang

very delightfully in duet.
A delicious cream and cake were served in shapes and colors to suggest Washington's birthday.

P. T. A. Meeting.
The Parent-Teacher Association of R. E. Lee school, will hold their regular monthly meeting, Friday evening, February 22, at 8 o'clock. George Washington's birthday will be celebrated by appropriate exercises. All patrons and friends of the school are cordially invited to attend.

Cake Sale.
Band A of the Woman's Auxiliary of Epiphany Church will hold a cake sale at Gentry's Grocery, Saturday morning, beginning at 10 o'clock. All who wish to place orders may telephone Mrs. C. M. Riddle, chairman of committee.

Entertains Friends at Rook.
Mr. and Mrs. J. C. Wood, 403 Chestnut street last night entertained a number of their friends with a social party which included dancing, playing of rook and other forms of entertainment, which were followed by serving of sandwiches and refreshments. The party was somewhat of an informal one. Dancing was first enjoyed by the guests for about two hours, after which rook was played. Sandwiches and hot chocolate were served, following which the reception was brought to a close after a very enjoyable evening.

Potat-Holt.
A very pretty marriage was performed at the home of the bride's parents, Mr. and Mrs. C. G. Holt, 734 Calhoun street, yesterday when Rev. G. W. M. Taylor united in marriage Miss Rosalie Louine Holt and Charles C. Potat, son of J. N. Potat, of Yanceyville, N. C.

ENTERTAINS ELKS
John W. Gibson, grand exalted ruler of the Danville Lodge of Elks, will tonight at seven o'clock entertain members of the lodge at supper at the Blue Triangle tearoom. About one hundred members are expected to participate in Mr. Gibson's hospitality which is expected to be an enjoyable affair.

The condition of Mrs. H. J. Clark, Bryant avenue, who has been seriously ill, today took a change for the worse and little hope is held for her recovery, according to reports from the home this morning.

Miss Ivoo O'Connor, who was called to Dallas, Texas, a few days ago on account of the illness and death of her guardian, E. O. Tennison, president of the City National Bank and Dallas Trust Company, will return to Danville next week.

Miss Ethel Moore of Boston, Mass., who was the guest of Miss Mary Temple during the Sanford-Boatwright wedding, is now visiting Miss Marian Boatwright.

Miss Eleanor Guentert is visiting Mr. and Mrs. Herbert Merritt, at Lehigh, N. C.

Mrs. Harry Jamieson, of Louisville, Ky., who spent several days in Danville, while attending the Sanford-Boatwright wedding, has gone to Martinsville, to visit relatives before returning home.

Dr. W. O. Lee continues ill at his home on West Main street.

Mrs. John Overby is convalescing at Edmunds Hospital.

Miss Margaret Jordan is visiting friends in Richmond.

Mrs. John Miller has returned to Richmond after attending the Sanford-Boatwright wedding.

Mrs. John Boatwright and Mrs. Brailford of Mullins, S. C., who were guests of Mrs. F. X. Burton last week, have returned home.

Mrs. C. D. Noel is the guest of her daughter, Mrs. E. H. Miller.

Mrs. Charles Jordan and little daughter, Alice Marie, have arrived home after spending several weeks with Mrs. Jordan's parents in Gainesville, Ga.

Mrs. Agnes Macgill, who has been confined to the house for three weeks with influenza, hopes to be out in a few days.

Miss Mattie Mitchell, of Raleigh, N. C., is the guest of Mrs. W. B. Powell.

Mrs. Garland Wooding, who has been the guest of Mrs. D. E. Hooker, Greensboro, N. C., has returned home.

Do Not Ignore Neighbor

Seated at a table, with other guests, even though you have not been introduced to your neighbors, it is a point of etiquette to pass a remark now and then to each of them. There is no need of introducing yourself.

NEWS OF CHATHAM

CHATHAM, Feb. 20.—The heaviest and most destructive sleet formed here during Tuesday, the temperature being just sufficiently low to cause the steady rain fall to heavily overload telephone and electric light wires, fruit and shade trees and during the night it was a continuous crash of breaking and falling branches many entangling the wires and doing damage yet to be determined. The Chatham Light and Power Company has suffered as the wires were down in many places and in some instances poles were broken and transformers on the ground, which necessitates much cost to replace in addition to loss in time. The town was without lights from early in the night and pedestrians and car drivers had to proceed slowly to prevent becoming entangled. With hard work the damage may be sufficiently repaired to have lights by night but that is doubtful. So far no damage of a very serious nature has been reported. The damage in broken fruit and shade trees is the most extensive ever seen here.

The Overby Transfer Company had a Hudson car badly damaged by falling limbs.

Mr. Geo. W. Parsons, one of the few Confederate veterans of Pittsylvania county, passed away at his home, Rondo on Saturday night and was laid to rest in the family cemetery on Monday afternoon. Elder C. O. Boaze conducting the last sad rites. Mr. Parsons was born in this county nearly seventy-eight years ago and has made it his home since his birth. He is survived by his wife and the following children: J. A. Parsons, D. T. Parsons, R. M. Parsons, Mrs. R. W. Fann and Mrs. A. J. Parsons, all of Pittsylvania County.

One of the most delightful and thoroughly enjoyed parties of the Valentine season was at the home of Mrs. J. O. Faison in south Chatham on Tuesday night. The pleasure of the evening was Rook and for this popular pastime eight tables were in readiness and the game was entered into with much zest and spirit. After several hours of play the pleasure of the occasion was much enhanced by the serving of a beautiful course of salads, peanuts, coffee, ice cream and cake. The occasion was in honor of Mrs. James W. Collier, a very near neighbor of the hostess, who at an early date will leave her present home to reside in her country estate recently purchased from Senator Swanson and lying just about one mile from the corporate limit.

Mrs. Lillian Short of Petersburg was the recent guest of Mrs. M. T. Fitzgerald.

Coy Bishop, after an absence of more than a month, has returned to his post at the Planters Bank and Trust Company. His absence was due to an operation performed at a Roanoke hospital in January.

Miss Francis Jones entertained at bridge at her home on Main street on Monday afternoon in honor of Mrs. Early, of West Virginia, who is now visiting her father, Dr. Chas. Easley. The afternoon was much enjoyed by all and adding to its pleasure was the serving of a much enjoyed light refreshing course.

Mrs. Lottie Hall is very sick at her home near Chatham.

Rev. H. H. Hardaway, pastor of the Chatham Baptist church has recovered from an attack of influenza, lasting about two weeks and will be able to fill his regular appointment on next Sunday.

The crowning social event of the season will be on Friday night at the home of Mr. Frank Marshall, when the members of the Sans Souci will entertain their husbands at a reception with a royal banquet.

Congressman Hooker, of Stuart, was in Chatham on Monday shaking hands and meeting friends.

MODEL KILLED

This magazine-cover girl is dead. Miss Mata Stoddard, 22, artist model, was killed in a Los Angeles automobile accident. Her face graced scores of magazine covers.

The Tangle

An Intimate Story of Innermost Emotions Revealed in Private Letters

LETTER FROM JOHN ALDEN PRESCOTT TO SYDNEY CAR-TON, CONTINUED

Syd, Ruth's answer to my question about women loving their children more than their husbands was most surprising. Without the slightest hesitation she said:

"Of course they do. A woman has the same feeling of possession in regard to her children as a man has in regard to his wife. They aspire to be the arbiters of their children's fate."

"This however, is something that is going to be done away with," continued Ruth, "for children are already asserting their independence. They will hardly now listen to dictation without reason."

Here, Syd, I realized that I had been putting off the fatal question. I had been starting Ruth on her feminine philosophy simply to keep her from telling me that she thought I should go to Leslie and tell her the whole story.

Just as I had screwed up courage enough to tell Ruth I would confess to Leslie that night she was called to the telephone, and I found that damned efficient press agent of hers, Dick Summers, had sprung something new upon me. He had written Leslie a letter asking her to be one of the petronesses at a reception given to Paula after one of her matinee appearances.

Leslie had consented to do this providing Ruth and some of her other friends would join in the thing. Summers was calling Ruth to tell her of the scheme. When Ruth came back to me she was all

most smiling. I knew she considered it quite a joke, and then her face grew serious again.

"I shall tell Leslie to refuse," I ventured.

"You will do nothing of the kind," answered Ruth. "It is one of the best things that has ever happened to you. All her friends will go with her, and it will effectually stop a lot of gossip."

"But don't you see now I cannot tell Leslie about the baby until all of this is over?"

"Of course I do. You will just have to wait a young man, had I think it will be a good thing for you. Until you married Leslie, Jack, you thought the world was your oyster, to open when and where you please. Now you find there are many other people who like oysters and come around trying to meddle with yours."

"Then I am no better off now," I said to Ruth, "than I was before."

"Yes, you are much better off, for you have decided to tell Leslie the whole story as soon as possible."

"This is all at present, Syd. I'll write you again just as soon as I know how the whole thing is coming out. I don't mind telling you I am on a hot grid and feeling my burns."

Goodby, old man. Wish you were here. Perhaps you could advise me.

JACK.

TOMORROW: Leslie Prescott writes to Beatrice Grimshaw—Paula Perier sees her child.

MARYLAND DEFEATS W. & L.
LEXINGTON, Va., Feb. 20.—It required mediocre playing by Maryland to defeat Washington and Lee at basketball here last night, 22 to 21. The Generals played the poorest game of the season and only by a belated comeback at the finish did they keep in the running. Exhibiting poor passing and exhibiting weak caging ability, the Hinesmen were fortunate to stave off a worse defeat.

FIRE IN PENNSYLVANIA MINE

WASHINGTON, Pa., Feb. 20.—Fire has broken out at the mouth of Lincoln Gas Coal Company mine four miles from here. It is not definitely known if any men are in the mine. Scores of miners are fighting the fire and a mine rescue car from the bureau of mines at Pittsburgh is being speeded here from Carnegie, 25 miles away.

TASTY, CREAMY
COCOANUT CAKE
with its frosted coat
of rich icing—there's
never enough.

Bake it BEST with
DAVIS
BAKING POWDER

Corns

Don't Pare Them!
Cutting a corn is always dangerous. Blue-jay ends corns. Kill the pain instantly, then the corn loosens and comes out. No risk, no constant trouble. Get Blue-jay at your drugist.

Blue-jay

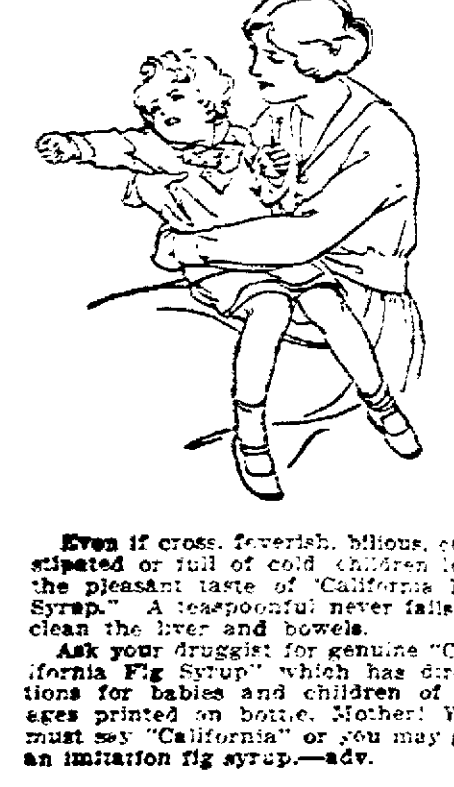

Aching muscles

can be relieved quickly with Sloan's. Apply gently without rubbing. Immediately you feel a comforting glow—the sufferer relaxes—the pain stops. Soon overstrained muscles regain their elasticity and tone. Get a bottle from your drugist today—35 cents. It will not stain.

Sloan's Liniment—kills pain

FASHION NOTES

WHITE FUR COLLAR
The collar of white fur persists on suits and frocks, particularly those of black satin or crepe.

SILK SHIRTING
Silk shirting in stripes or checks is made into snappy sport frocks with bands or pinups of plain color.

FRILLED GLOVES
Scalloped edges, sometimes outlined with darker leather, are seen on the newest gloves.

SCARF AND HAT
Scarves and hats to match frequently come in plaid wools or silks in the most vivid of colors.

BISHOP MEERSCHAERT DIES
(Associated Press Wire)
OKLAHOMA CITY, Feb. 21.—Bishop Theophilus Meerschaert, head of the Roman Catholic church in Oklahoma, died in a hospital here today of pneumonia. He was 74 years of age and had been in ill-health several months.

HELPFUL HINTS

TWINE HOLDER
A practical twine holder for the kitchen is a tin funnel that may be hung on the wall and the twine pulled out through the opening at the bottom.

CLEAN BATHTUB
Kerosene is excellent for removing the deposit left on the sides of a porcelain bathtub after a soapy bath.

PAINT BRUSHES
Never allow paint brushes to stand on their bristles while drying. Moisten them with paraffin oil before putting the maway if they are not to be used again for some time.

"WARMING CLOSET"
An improvised "warming closet" for dishes may be made by standing the plates on edge in a wire dish drainer and putting the drainer on the radiator.

CHANDELIERS
Gilt chandeliers may be cleaned by rubbing with a cut lemon followed by a sponging with tepid suds and white baking soda in the proportion of a teaspoonful of soda to a pint of water.

CLEAN FLOOR
To have your hardwood floor bright and clean use only a little oil on it and never use the oil mop until the floor has been dusted with a dry mop or swept with a hair brush.

Mrs. T. Frank Baber is returning to her home in Richmond, Va., Sunday after a visit to her parents Mr. and Mrs. C. N. Shelhorse at Sutherland, Va.

6:15 P. M.—"Radio for the Layman," by A. E. Sonn.
6:30-7:30 P. M.—Cooper's Orchestra.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is Calotabs, the Purified and Refined Calomel Tablets That Are Nauseless Safe and Sure.

Doctors have found by experience that no medicine for colds, coughs, sore throat and influenza can be depended upon for fast effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the nauseless Calomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style Calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and colds and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One or two Calotabs at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Genuine Calotabs are sold only in original sealed packages, price thirty-five cents for the large, family package; ten cents for the small, vest-pocket size.—adv.

Piles

Can't Be Cured from the Outside. External treatments seldom cure Piles.

Nor do surgical operations. The cause is inside—bad circulation. The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through the stagnant pools. Internal treatment is the one sealed package, price thirty-five cents for the large, family package; ten cents for the small, vest-pocket size.—adv.

Madam O'Dell

Palmist—Clairvoyant

Reads your past, present and future. All affairs of life, business, love or trouble, she will advise you why you are unlucky, unloved, tell you whom and when you will marry, no matter what troubles you may have don't fail to see this gifted woman. Born with a veil.

Exhausting coughs that wear you out—you can stop them quickly

Day and night a cough wastes your strength and steadily paves the way for more serious and perhaps permanent complications.

Yet you can stop it quickly with Dr. King's New Discovery. It breaks up coughs by stimulating the mucous membranes to throw off the secretions that are clogging them. Harmlessly and effectively the throat and chest spasms are quieted and the irritation that is causing the cough promptly cleared away. It has an agreeable taste. For more than fifty years, thousands of families all over the country have relied upon it. Get a bottle today. All druggists.

RAYMOND OSMYN CURTIS

RHEUMATISM?

If You are a Sufferer, Read This.

Neabeo, Va.—"I had been troubled with rheumatism for more than ten years and had tried lots of different remedies, but none of them did me any good. Then I sent and got a sample package of Dr. Pierce's Ankle Tablets, that gave me so much relief that I sent and got a large size bottle, and before I had taken two bottles I had no sign of rheumatism. I would advise any sufferer of rheumatism to give Dr. Pierce's Ankle Tablets a fair trial."—Raymond Osmyn Curtis.

You can quickly put yourself in A-1 condition by going to your druggist and obtaining Dr. Pierce's Ankle Tablets (anti-uric-acid) or write Dr. Pierce, president Invalid's Hotel, in Buffalo, N. Y., for free medical advice or send 10c for trial pkg.—adv.

NIGHT FILMS PROVE BOON

CHICAGO, Feb. 21.—The fellow who circulated among the congregation and awoke the sleepers was called a beadle in Puritan days. He rates only the title of usher in the all-night movie houses here, but no blue stockinged beadle put more spirit into his work than he.

"We can't have this made into a 10-cent flop house," says the earliest usher.

There's a real field for the little all-night movie, however, if you will take the word of the manager of the Lyric. It is in cheering and sheltering the all-night workers. Numerous printing plants keep night shifts busy until past midnight. The maintenance force in office buildings works until late. These and other stray workers like to see a picture while waiting for the infrequent home-bound car. The program changes nightly.

Instability is one of the characteristics of a city, it seems, notwithstanding the substantial appearance of its buildings. Postmaster Lueder just testified to the prevailing restlessness and milling around in an appeal for more careful addressing of mail.

Every year, he says, the average mailing list loses 40 per cent. of its value.

Beauty is more than a figure, one may say with apologies, but here are some figures that may illuminate the subject of beauty. The classified telephone directory shows more than 169 women's beauty and hairdressing shops in Chicago. The number is approximately the same as the department stores and more than half the total of groceries. It means one beauty shop for about every 1200 women in the city.

A beauty census was reported recently in one office, located on the east side, far from a bright light district. The women in the office—a well paid group of skilled workers—earned from \$23 a week up to big figures. Their individual average beauty expenditure was "facial," \$1; wave, \$1.25 to \$1.50; manicure, brow pluck, 50 cents.

Here's an automobile fashion note which will be of interest to prohibition agents. There will be an increase of space for accessories and tools in this year's automobiles according to the exhibits at the Chicago show. Some of the more exclusive makes have roomy tool chests under the back seats, reached through cleverly concealed buttons which operate mystic sliding doors.

TODAY OUR HAT'S OFF TO 7

Frank Kallaler, of North Bergen, N. J. He possesses the world's greatest collection of brand new right-foot shoes. In fact he has to pack away more new "kicks" than a mule would have any use for. Years ago Frank lost his right leg. He's been buying pairs of shoes since and using 50 per cent. of them. Part of the other 50 per cent. may be seen on the ground posing proudly with him. Notice how shiny they are? Haven't been used. And won't be unless some chap with a left leg missing comes along and strikes a bargain.

Frank's married and has three children. His hobby is walking. Last year he hiked 100 miles alone. It makes him healthy and strong. In fact, he admits he's stronger than a cup of coffee in a one-arm cafeteria. Yep—our hats off to Frank today!

However, —comma— BY JAMES W. DEAN

NEW YORK, Feb. 21.—The Indiana Hoosier has been restored to the foreground of the American picture in "The Midlander," Booth Tarkington's new novel. So long as Tarkington is able to hold a pen the Indiana Hoosier will have an influential ambassador in the literary courts of the world. Tarkington's sprang from the hoosier soil and the dust of it is still upon him.

Tarkington's chief claim to fame rests upon his penetrating insight into the adolescent mind, but the subject into which he probes still deeper and which he understands more thoroughly is the small-town mind and temperament.

Even though Sinclair Lewis was born in Sauk Center, Minn., he is not as true a Main Streeter as Tarkington.

As the reader follows the fortunes of Dan Oliphant, hero of "The Midlander," he follows the misadventures which mark the way from the last generation of this. The story is laid in the period when aristocrats were distinguished by the horses they drove. The swells of the town had rubber-tired vehicles and sparkling horses.

Dan Oliphant was a hoosier who lived a generation before George F. Balaban. He laid out a subdivision in Oranby's farm north of town and tried to make the town's financiers see the wonderful possibilities of the community. He was so serious and

Rid Yourself Of Rheumatic Pain With New Powder From Italy

Shake It In Your Shoes—No Medicine To Take

Honor is due Alessandro Volta, the eminent Italian physicist, for his discovery of a powder which promises to revolutionize the treatment of Rheumatism. Already thousands of the most stubborn cases in this country have been relieved by this amazing new treatment. The old torturing pain has left these chronic sufferers with remarkable rapidity.

VOLTA powder as this discovery has been named is not an internal treatment. It is a fine powder which is shaken into the shoes, where it is absorbed into the blood through the pores of the feet—due no doubt to the fact that the feet contain over 100,000 pores to the square inch as many pores to the square inch as are found in any other part of the body.

So remarkable and rapid have been the results from the use of Volta Powder, both in this country and in Italy that the American distributors have authorized local druggists to dispense Volta with an unqualified guarantee of relief from the use of the very first box or your money will be refunded. If you suffer from rheumatic pains, Scleritis, Lumbago, Gout or Neuralgia you owe it to yourself to try this startling scientific treatment. It is absolutely harmless and will not cost one cent if you do not receive wonderful relief.

You can get a box of Volta with an absolute guarantee of quick relief from which good druggists as A. W. Jacob & Co., Booth's Drug Store, J. C. McFall's Drug Store, Frank McFall's Drug Store, etc.—adv.

FIRE DESTROYS GERMAN COURT THEATRE

NEUSTRELTZ, Mecklenburg, Feb. 21.—The former Neustrelitz court theatre, with a history dating back to 1731, recently was destroyed by fire. Nothing but the walls of the old building remain, but a movement has been started to erect a modern theatre.

The Neustrelitz court theatre was founded by the dukes of Mecklenburg who were known for their interest in artistic affairs. It was opened with performances by a troop of "ducal actors." The last of the Mecklenburg dukes, who was deposed as a result of the revolution, took care of his theatre in a way that made it one of the best standard stages in Germany.

FRANCE PAYS FOR RECONSTRUCTION WORK

PARIS, Feb. 21.—France had paid, up to December 31, of last year, a total of 118,154,000,000 paper francs for the reconstruction of northern France and other accounts, which, according to the Versailles Treaty, should have been paid by Germany.

France has received from Germany, to offset the above, a total of 244,058,000 gold marks. These figures are official.

MAKE SECOND PAYMENT TO SOUTH CAROLINIANS

RICHMOND, Va., Feb. 20.—At a meeting of the board of directors of the Co-Operative Tobacco Growers' Association, held yesterday at the headquarters of the association here, a second payment of \$100,000 to South Carolina farmers who have delivered tobacco to the association this year. The payment will amount to more than \$300,000.

The meeting was fully attended and, aside from the discussion of matters now pending, there was no other business transacted.

HARMLESS MEANS OF REDUCING FAT

Many fat people fear ordinary means for reducing their weight. Here is an extraordinary method. Extraordinary because while perfectly harmless no dieting, exercise, or disgusting greases and salves are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. You reduce steadily and easily now pending. Procure them from your druggist at one dollar for a case or send price direct to the Marmola Company, 4612 Woodward Avenue, Detroit, Mich.—adv.

toothsome!

Delicious delightful peppermint flavor—and everybody likes it!

ADAMS PEPSIN GUM

"I'll Take a Chance!"

THE thought that goes with the cup of coffee at the evening meal is a disturbing one. "It may keep me awake tonight!"

The something [caffeine] in coffee that keeps so many folks awake nights, is entirely absent in Postum—the delicious, pure cereal beverage. The difference means a full night's rest and a bright tomorrow.

Postum for Health

"There's a Reason"

Postum comes in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

SOUNDS OF HEART BEATS BROADCAST BY RADIO

(Associated Press Leased Wire)
ST. LOUIS, Feb. 21.—A newly perfected microphone stethoscope was demonstrated before members of the American Congress on International Medicine here last night by Professor A. B. Abbot, of Purdue University when he broadcast sounds of his heart beats from radio station KSD.

The instrument is like an ordinary stethoscope used by physicians in recording the heart beats of patients, except that it is equipped with an amplifier or loud speaker attachment which increases the sound tremendously.

In his demonstration Professor Abbot walked to and fro on the platform before the physicians and the fluctuating of heart, like the ticking of a clock, could be heard plainly increasing or diminishing in measure as he moved rapidly or slowly.

The broadcasting of the heart beats provided a convincing and dramatic proof of the adequacy of the microphone stethoscope according to physicians who "listened in."

WEIRD STORY IS TOLD BY SLAYER OF HIS FAMILY

Blasphemy Against Holy Ghost Cause Killing of Sisters and to Atonement for This Crime Killed Parents Year Later.

(Associated Press Leased Wire)
ST. PETERSBURG, Fla., Feb. 21.—The burning to death of two sisters last year to atone for a "blasphemy" against the "holy ghost" when he was 12 years old, and the murder of his mother and father Tuesday night as a sacrificial penance for the killing of his sisters, confessed by Frank McDowell, 19 years old, and the weird tale of "hazy" delirium and hallucinations during which he believed his family aligned with "the anti-Christ" stood forth today as the related details of one of the most gruesome murders in the history of southern crime.

McDowell, held in the Pinellas county jail at Clearwater, to await trial on a charge of murdering his parents, Mr. and Mrs. J. M. McDowell, who were shot through the head while they slept Tuesday night, talked readily, confessing to the shooting of his parents, McDowell further revealed that he had started the fire in which his sisters, locked in their

Rest is one of the greatest factors to be observed in combating tuberculosis, Dr. F. M. Ottinger, of Montevideo, California, told the Congress today. It increases the patient's resistance to such extent that his own defensive forces will overcome the dread disease, he said. He added, however, that when the active disease had ceased, exercise was just as valuable as rest during the "active period."

"Infections of the nose are to a large degree responsible for subsequent infection of the bronchial tubes and lungs," declared Dr. Logan C. Denning, of Kansas City, Mo., "resulting in a very definite deterioration of the human body."

Dr. E. Smith, president of the Congress, detailing the growth of the organization, stated that it now has members in Canada and Mexico and contemplates an expansion to South America and the West Indies, and that it has only two connected with state universities.

bedroom, perished on February 19, 1923, in the McDowell home at that time in Decatur, Ga. The origin of the fire at Decatur, in which his sisters, Williamette 16, and Marion, 18, perished, had remained a mystery until cleared up by McDowell's confession yesterday.

When he was 12 years old, McDowell told officers, he blasphemed the holy ghost. This occurred on February 19th, and every year on the date approached, his mind, he said, became "hazy" and he believed his family to be aligned with "the anti-Christ." These hallucinations occurred annually, he said, until last year, he felt impelled to kill his sisters as atonement for his "blasphemous" sin. McDowell, when asked what this sin was, refused to answer.

After his sisters had perished in flames, McDowell said, his mind again became clear, and he realized the seriousness of his crime, but did not reveal to anyone what he had done.

On last Tuesday, February 19, the anniversary of his "sin," he felt that he must kill his parents as a sacrifice, and penance for the murder of his sisters, he said.

**Long Vigil Ends
In Liquor Seizure**

A vigil by three police officers through the cold night lasting from ten o'clock last night until half past one, ended with the seizure of liquor by the capture of Horace Hairston, styled the "King of Lucktown," who was arrested for having in his possession fifteen gallons of liquor contained in three cases which were found in his home and buggy. Police Detectives Campbell and Lewis and Officer Cook received information that Hairston had hatched up the nag late in the evening and was bent on a trip of which the officers became suspicious. Knowing that the end of his journey would be his own stable they took up position and waited. Long hours passed with no result, but finally just as day was breaking Hairston drove up his horse steaming. The negro saw the officers as they emerged and he made a break for liberty running round the house and trying to hide under a porch eaving, from which he was driven forth. The liquor, the horse and buggy and the prisoner were removed to the courthouse. Officers say they have been watching Hairston for some time.

Liquor Parties at Expense of Gov't. Charged

CHICAGO, Feb. 21.—Stories of alleged gay parties, unhampered by the prohibition amendment for which Colonel Charles R. Forbes, while director of the United States Veterans Bureau, paid with checks drawn on the vets bureau, were told today to the special federal grand jury investigating the misuse of the bureau's funds. The principal witness of the day was Mrs. Marie L. Sweet, wife of the private secretary to Forbes.

Mrs. Sweet said that one of the most of these parties was staged on the country estate of a woman friend of Colonel Forbes near Stockton, Cal. A complete saloon bar, stocked with pre-war vintages, was the center of festivities on the estate. Mrs. Sweet is said to have described other occasions on which the veterans bureau was alleged to have paid the fiddler—and the bartender.

In testimony, it was said, was founded on revelations made to Mrs. Sweet by her husband, who is said to have drawn the checks to pay for his employer's merriment.

Hard to Secure Jury For Trial of "Wolf Girl"

(By Chicago Tribune Service.)
CHICAGO, Feb. 21.—Because Kitty Malm, the "Wolf Girl," is a woman and a mother, the State is experiencing difficulty in finding satisfactory jurors to try her for the murder of Edward Lehman, a watchman.

The "death penalty" was the stumbling block as juror after juror was examined. Kitty herself took very little interest in the court proceedings. "Say, you don't think a killed him, do you?" she asked at a lull in the proceedings. "If I did, wouldn't I plead guilty?"

Policemen today arrested Max Bauck, legal husband of the woman. This step is expected to make it possible for Otto Malm to testify against her. Malm is known as Kitty's common law husband and has already pleaded guilty to a murder charge in connection with the Lehman killing.

W. S. Arnold Loses Stock of Meat

W. S. Arnold, a farmer of Pelham, N. C., lost his smoke house, together with 1,500 pounds of meat, which was in the process of curing yesterday afternoon. The damage will amount to about \$250. The meat had been cured and one or two red hot embers remained in the smokehouse when members of the household left the premises. It is assumed that a piece of fat meat fell from its hook into the red embers igniting and setting the house on fire. T. G. Womack first saw the smoke and on running to the house found the main dwelling beginning to burn. With W. F. Perrell, Robert Pryor, Hayward Powell, J. F. Lewis, Edgar Talley, Harry Foxworth and others they formed a bucket line and succeeded in extinguishing flames on the dwelling which was seriously damaged while the smoke house was burning.

REBELS PLAN A COMBINED DRIVE ON MEXICO CITY

Insurgents Report Number of Battles in Which They Claim Federals Lost Heavily.

(Associated Press Leased Wire)
FRONTERA, Tabasco, Feb. 21.—(By Radio Via the Dallas News.)—The prediction that by the end of the present week a combined assault on Mexico City would be launched by revolutionary forces being mobilized in the vicinity of the capital, is made by Otilio Gonzalez, director of publicity of the De La Huerza movement, who also announces reports of battles in which the federals are said to have sustained heavy losses.

A small force under Generals Salvador Alvarado and Crispiniano Anzaldo, defending the passes of Ocotlan and Poncitlan wreaked havoc on a body of 12,000 federal troops attempting to support the bregonista flank on the western flank, it is reported.

The main body of Obregonista forces which began the advance on Guadaluajara, cut off from their base of operations, has changed its route, it is reported.

General Escobar, who was cut off four days in the mountains after attacking La Serrania, is reported to have turned to the revolutionists. Generals Estrada, Diezguiz and other rebel leaders, have been ordered to change their base of operations with a view to advance constantly on Mexico City along the railway to Toluca and to consolidate with other rebel detachments in the state of Mexico.

In the state of Morelos, where General Figueroa has been asked to move toward Cuayutla, General Obregonista forces, opposing him, has recognized the revolutionary movement with 1,500 men and will join in the advance on the capital, the headquarters here was advised General Cavazos has been directed to intensify his operations in the vicinity of Mexico City, in response to which, reports state, this rebel chieftain has succeeded in taking Tula, approximately 53 miles from the capital advancing his column of 1,500 supported by artillery.

One thousand federals under General Urbalejo have been moved from the Vera Cruz sector to the capital, it is rumored, while reports of rebel movements indicate that a closing in process has begun from the places held in Michoacan.

Revolutionary troops heretofore operating in Guerrero are moving along the line from Cuernavaca and other centers upon Mexico City and General Maycotte and other leaders are advancing from Puebla, Pachuca and Tula, Gonzalez states.

Cotton Spinning Activity Increases

(Associated Press Leased Wire)
WASHINGTON, Feb. 21.—Cotton spinning activity was greater in January than in any month since last July, the census bureau's spinning report today indicated. The number of active spindles for the month was larger by 1,300,000,000 than in December.

Active spindle hours for January totaled 8,438,248, an average of 224 hours per spindle in place, compare with 7,139,371,847 or 190 per spindle in place in December and 9,266,399,904, or 49 per spindle in place in January last year.

Spinning spindles in place January 31 totaled 37,740,454, of which 33,339,806 were active at some time during the month, compared with 27,825,709 in place December 31 and 24,044,870 active at some time during December and 27,225,419 in place January 31 last year, and 25,240,853 active at some time during that month.

The average number of spindles operated during January was 26,476,177, or at 86.7 per cent. capacity on a single shift basis, compared with 22,674,471, or at 86.5 per cent. capacity in December and 40,008,203, or at 107.5 per cent. capacity in January last year.

NEW YORK COTTON.

(Associated Press Leased Wire)
NEW YORK, Feb. 21.—The cotton market was firm at the opening today on covering and Liverpool following reports that the British dockers' strike had been settled and relatively firm cables from the English market. There were some overnight selling orders which caused rather irregular fluctuation after the call, but the buying continued and the market held generally steady during the early trading. First prices were 9 to 28 points higher and May contracts sold up to 30.47 or 48 points net higher while October advanced to 26.45 or 35 points above yesterday's closing.

NEW ORLEANS COTTON.

(Associated Press Leased Wire)
NEW ORLEANS, Feb. 21.—Cotton opened higher on much better Liverpool cables than here. First transactions showed gains of 13 to 35 points over the previous close. The advance was attributed to reports that the British dock strike was virtually settled. All active months moved upward to 17 points immediately after the opening call, but eased off a few points on moderate selling. There was a prompt rally, however, on Manchester advices that trade was picking up there. May trading up to 29.97 and July to 29.28 or 41 to 48 points net higher. Bullish feeling was held in check by fair weather in the belt.

Option futures opened steady:

Lunatic Takes Charge of Store

(Special to The Bee.)
GRETNNA, Va., Feb. 21.—Jesse Jennings, colored, 35 years of age, caused some little stir in town Tuesday morning when it was learned that he had broken into two restaurants and the store of the Gretna drug company. The front door of each of these places had been broken open but nothing of importance had been taken from either place except a quantity of candy from the restaurant of Mr. Mayhew on Main street, and this was found in an open box on the street in front of the restaurant.

Jennings was found in the restaurant of Al Berger early Tuesday morning. He had made a fire in the stove and seemed to have taken complete possession of the place. When the owner appeared Jennings invited him in and presented him with some of the owners cigars and soft drinks of which he seemed to be enjoying. It was at once seen that Jennings' mind was deranged. The number of these and many other buildings and other property in town belonged to him. He was taken in charge by Magistrate Franklin and sent to Chatham jail where he is expected to undergo a mental examination preparatory to being sent to an asylum. He has a wife and two children in Gretna but he has been at work in the coal fields of West Virginia for some time. Jennings had been confined recently in West Virginia on account of insanity.

Nicaragua Decrees Mobilization of Army for Frontier

(Associated Press Leased Wire)
SAN SALVADOR, Republic of Salvador, Feb. 21.—Because of the disturbed situation in Honduras, where rebel factions are claiming the presidency, the Nicaraguan government has decreed the mobilization of the army to guard its frontier.

The American cruiser Milwaukee has arrived at Annapolis, on the Honduras Pacific coast and the American military attaché to the Central American legations is reported to have left for Honduras.

Advices from Honduran rebel sources are to the effect that General Gregorio Ferrera with 1,700 men, is marching on Comayagua, and General Vincent Costa with 2,000 men is headed for San Pedro, in Sula. These leaders are supporters of Policarpo Bonilla, one of the three proclaimed "presidents" of Honduras.

They have stood the test of time

Business men know the importance of time as the final test of the value of a product. Only those products survive which fill the public need year after year. Standard Oil Company's kerosene, lubricating oils, gasoline and greases have stood this test.

These products have been leaders in their respective fields for two generations. They are accepted as standards today. Why? Because they are produced by the most experienced refiners in the country, men who for 54 years have left no stone unturned to improve the quality of their products.

The Standard Oil line is standard in fact as well as in name. You can make certain of getting the right oil or gasoline only by using the name. It is easy to remember.

DEADLOCK IN BRITISH DOCK STRIKE BROKEN

Ministry of Labor Arrives at Terms of Agreement—Not Made Public.

(Associated Press Leased Wire)
LONDON, Feb. 21.—England awoke today to find the apparently hopeless deadlock in the dock strike broken. Representatives of the dock workers and employers, meeting at the ministry of labor, arrived at terms of agreement in the early hours of the morning.

The terms will be submitted to a conference of the dockers' delegates from all sections of the country, with the labor ministry tonight, and should they meet with the approval of the men, work will be resumed immediately, relieving the congestion which has prevailed at the ports for the past few years. Indications are that this approval will be forthcoming.

The conference last night was secret and the terms of agreement were not made public but it is believed they provide an extra shilling advance for which the men have been fighting.

Laughter Causes Death of Man In Movie Show

(Associated Press Leased Wire)
READING, Pa., Feb. 21.—A hearty laugh resulted in the death of Emmet Crowell, 64, in a theater here last night. With a neighbor, Crowell was enjoying a comedy and laughed uproariously. Suddenly he slumped in his seat. He was carried to a hospital, where physicians pronounced him dead.

Crowell, who was a salesman for a children's clothing firm, came here six months ago with his wife, from Port Jervis, N. Y.

BANKS CLOSE FRIDAY.
All of the city banks will be closed on Friday, February 22nd, the day being Washington's holiday and a bank holiday.

Cabell Street Accepts Quota of Pension Fund

Cabell Street M. E. Church, South, Rev. O. W. M. Taylor, pastor, has accepted \$2,500 as a minimum quota to raise within five years for the cause of Superannuate Endowment of that denomination. The goal for the entire church of this movement is \$100,000,000, the income from which is to be used for the support of the aged and infirm ministers and widows and orphans of ministers.

The campaign for the fund is being directed by the Board of Finance of the Southern Methodist church, St. Louis, Mo., Bishop W. F. McMurtry, chairman, and Dr. Luther E. Todd, secretary. The latter has issued and sent to all pastors a booklet, "The Call of the Forgotten Man," which tells the pathetic story of the great need of the church to remember him with substantial giving and outlines plans for raising the sum sought.

According to reports received by the board, over 3,500 pastoral charges have up to this time accepted minimum quotas asked of them and many of them have voluntarily increased the amounts. Several large individual gifts have already been announced and others are expected.

There are over 800 of the old preachers, many of them pioneer circuit riders who rode through storm and sunshine, winter and summer, day and night, to serve humanity and the church, 1,300 widows and 500 orphans, many of whom are living in

72 Years Old, But Actively On Job

Railroad Man Attributes Good Health and Strength to TANLAC

Seventy-two years of age, but still in possession of the priceless boon of good health and actively on the job with the Central Vermont Railroad, where he has worked for 40 years, is the remarkable record of H. H. Moore, 24 Messenger St. Albans, Vt., who attributes his present health and strength to the use of TANLAC.

"I have never in my life seen the equal of TANLAC," said Mr. Moore recently. "After spending a lot of

money on things that proved worthless for stomach trouble of the most obstinate kind, TANLAC made me feel like an entirely different man. For nearly two years I had been gradually getting worse, and my strength and vitality had got so low it was hard for me to attend to my duties. Indigestion, constipation, and nervousness made life miserable. Before I found TANLAC, but now my health is normal and I feel happy as I work. I shall always be grateful to TANLAC.

TANLAC is for sale by all good druggists—Accept no substitute—Over 40 million bottles sold.

Daily use of Cuticura Talcum overcomes heavy perspiration and soothes and refreshes the skin. It imparts a delicate fragrance, leaving the skin sweet and wholesome.

KEEP LOOKING YOUNG It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—keep a bilious look in your face—keep your eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound, mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

SPORTS GOSSIP

Everything is set for the big wrestling bout for tonight including a woman wrestler for referee. The lady officiated in a match over at Greensboro the other day and the local fans are looking forward to her appearance here as a woman wrestler in a distinct innovation in this vicinity regardless of whether she referees, wrestles or just sits on the side line and roots.

In about ten days Manager Herbert Murphy is due to arrive upon the scene of action and things in the baseball line will begin to take on a more realistic tint. This long-distance guessing stuff as concerns the possible make-up of the 1924 Tobacco company is a little stale and local fans will welcome authentic information on what the club is expected to look like. There is no expected to look like. There is no expected to look like. There is no expected to look like.

Francis Descamps, only longed manager of Georges Carpentier, has assembled a stable of sponge eaters which he intends to bring over to America in the summer along with the Gorgonzola One.

The French manager admits that two of his new charges are first-rate stars. These two are Paul Fritsch, a lightweight and Johnny Sullivan, a welterweight.

Fritsch is a graduate of the amateur rings and battled in the Olympic bouts four years ago. Sullivan is a Londoner of Irish extraction, and Descamps thinks he is destined to be a great puncher.

The big dramatic punch in the Olympiad is the Marathon race. It is the iron man test. Twice the event has been won by American runners, and once each by Greece, France, South Africa and Finland. America is the only nation which has won the event twice.

The American winners were Hicks at St. Louis in 2 hours 28 minutes and 53 seconds, slowest time on record, and Hayes at London in 2 hours 55 minutes and 18 seconds.

It was won last by Goldschmidt, Finnish runner, at Antwerp in 2 hours 32 minutes and 35 1/2 seconds, fastest time on record.

Apparently Lalo Dominguez, lightweight champion of Cuba, is such a weight as a fighter. An unknown New Yorker by the name of Sid Bernard was giving the champion a neat pasting when rain broke up the fight in the eighth round.

When Luis Firpo returns to this country he will take on a number of stuffed shirts as an appetizer. Fred Fulton is one of the set-ups that will be sent against him. Firpo will try to knock Fulton out quicker than Dempsey did. Dempsey's record is 11 seconds.

Y JUNIORS CLEAN UP WHITMELL

The Danville Y. M. C. A. Juniors had a rather easy time with the Whitress High School team, taking them into camp by the score of 33 to 13.

The Whitress team is not familiar with an inside court and this handicapped them to a large extent. Blair played well for them as did Payne.

For Danville, Day was high scorer with seven field goals, Giles, Ruth, and Gwynn with three followed by Jones, Harrison, W. Blair and Rucker. Guarded well and Harrison played a fine floor game. Dyer, the Junior's regular center was unable to play and this broke up the team play to a considerable extent.

The line-up: Whitnell (13) Forward, Elksite Forward, Aaron Center, Payne Guard, Harper Guard, Blair Field goals, Blair 1, Payne 1, Aaron 1, Elksite 1, Giles 4, Gwynn 3, Day 7, Harrison 1.

Foul goals, Gwynn 2 out of 4, Giles 0 out of 1, Harrison 1 out of 2, Payne 1 out of 2, Elksite 1 out of 2.

Referee, McCubbins. Scorers, Nance and Swanson.

CANES FOR LADIES.

LONDON, Feb. 21.—Ladies, the vanity race is labeled. And the handbag, too. You must swing a walking stick now if you be correct. All the London society dames and damsels are doing it now.

POOR HEALTH SPOILS PLAY

JIMMY O'CONNELL

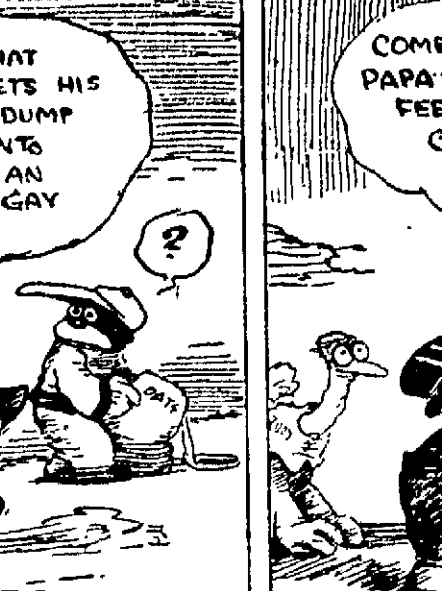

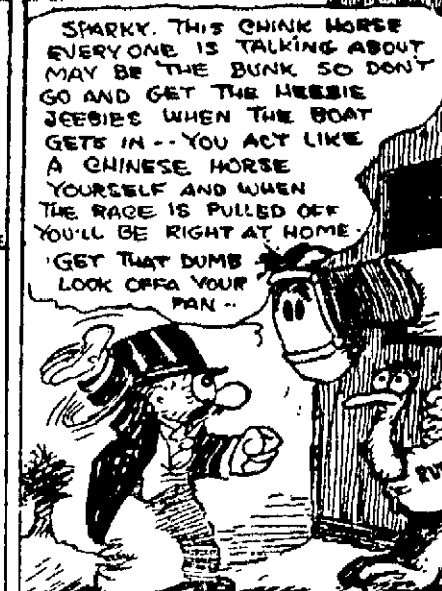

The "Big Boy" of the 123 season of the National League was found dead at his home in New York City. O'Connell, 37, was a power hitter, and his death was a great loss to the game. He was known for his powerful swing and his ability to hit home runs. His death was the result of an attack of typhoid fever.

Now Sparky Has To Eat Chinese Fashion

RAGING EXPERTS THROUGHOUT THE COUNTRY ARE DISCOURAGING BETTING ON THE COMING CROSS COUNTRY RACE BETWEEN YONG AND SPARK PLUG. THE PEOPLE ARE URGED TO WAIT TILL THE FAMOUS CHINESE TWO YEAR OLD ARRIVES AND CAN BE GIVEN THE ONCE OVER.

BEWARE OF CHINESE BOOKMAKERS

Will Wrestle Here Tonight

WHAT THE JACKSONVILLE PAPERS SAY ABOUT "ZEKE"

The NUT CRACKER BY JOE WILLIAMS

A reformed wrestler has knocked out 24 birds in a row. . . . A wrestler who can reform is capable of anything.

Joe Jackson is again experiencing the sensation of the home-run hitter who was called out for not touching first.

A rainstorm stopped the Firpo-Lodge fight, as if that fight wasn't all wet to begin with.

All ball players should be taught to touch first. . . . All ball players realize the importance of first touching the magnates.

The five biggest stars in the majors are college graduates. . . . No handicap is too great to overcome if you go about it in the right way.

One nice thing about gymnasium rowing is that the sea never gets too choppy for the comfort of the intrepid athletes.

We used to think Frank Tinney was the funniest guy in the world, but that was before we saw Miller Huggins in knickers.

Harvard has given Bobby Jones a letter. . . . Now if the postal agents give him a route his future will be established.

A new record for the back stroke was hung up the other day and strangely enough the Phillies had nothing to do with it.

Babe Ruth's feet swelled so badly he had to stop training. . . . Well, anyway his fame hasn't gone to his head.

"British boxers have their backs to the wall," writes a melancholy correspondent. . . . What he really means, of course, is to the canvas.

Virginia Mercereau Referees All Star Bout Here Tonight

Virginia Mercereau, described as "world's champion woman" wrestler, will referee the bouts to be held in the Municipal Hall tonight when Zeke Smith, of Boston, and Joe Shimkus will meet Sansen. According to the announcement made by Promoter L. C. Moody the winner of the first fall in the Smith-Bitz engagement will meet the winner of the Shimkus-Sansen bout. This is the first triangular contest staged here and it promises to be interesting.

Miss Mercereau, who arrived today from Roanoke, will not wrestle tonight, though the manager issued a challenge prior to the card for the evening. She will referee all of the bouts tonight, however.

SMITH IS PRESENT. LONDON, Feb. 21.—Paging "Mr. Smith" is a tough job in England or Scotland. In the two countries there are just 518,000 Smiths, or one for every 70 persons.

The public is not so much interested in what a scofflaw is as where he gets it.—Life.

GAMES FOR THE SAKE BY LAWRENCE PERRY

(Copyright, 1924, by The Bee.) NEW YORK, Feb. 20.—With the winter Olympics ports program a matter of history, the United States must wait until May 9 to enter its standing in the athletic league of nations. It is then that the Rugby football series will begin, continuing until the middle of the month, when association football will be taken up.

Both games are played up to the hilt abroad, in fact they are one sport that really brings the nations of Europe together in friendly contest. It is by no means certain that teams we send over will be qualified to compete against the best European outfits. This being so, our fourth place in the winter sports may be a better position than we shall occupy after football is out of the way on June 9. All of which will certainly place a burden upon our track and field athletes.

Looking over the program, sports in which we have at least fair chances of coming through are polo at St. Cloud and baggery, rifle shooting at Chalons-sur-Marne; clay pigeons at Isy-les-Moulineaux; rowing at Argenteuil Basin; lawn tennis at Colombes and Piscine des Tourelles boxing at Cirque de Paris, weights at the Cirque de Paris, riding at Colombes and a fair chance in yachting at Moulins.

The growth of polo in California where play is now in progress, has

been extraordinary. It now seems certain that the Pacific Coast team will participate in the national junior championship and that, in fact, California will submit some candidate for places on the international four which will meet England at Meadow Brook next September.

The Pacific coast championship will be held at Coronado beginning March 15 and Eastern experts will have their eyes particularly on such promising young players as Eric Pedley, E. J. Boeske, Jr., Carlton F. Burke, who has been seen on Meadowbrook fields in the past, Thomas A. Driscoll and W. S. Tevis, Jr., Tommie Hitchcock, Fred Roe, and Quince Shaw are among the Easterners who will participate in this tournament.

One thing that the rule against throwing a point will do to conserve the dignity of the ancient and honorable body of tennis officials. No, that it needs conserving, in fact, come to think, that is not quite the word. It will, to put it more accurately enhance the dignity of the men who already are so infallibly dignified so moderately self-conscious so sublimely proud of the importance of their calling.

Officials announce all racing dates for 1924 have been fixed. . . . The races, however, will not be fixed until later.

GUM BOOT METHODS USED

By BILLY EVANS

Ball players often have a unique way of putting over an idea.

The soil condition at the White Sox park in Chicago is not of the best. At one time it was more or less a dumping ground. As a result it is a hard park to keep in shape.

During a hot spell in August a few years ago the condition of the infield was bad. Naturally the players yelled murder, but to no avail.

On a certain afternoon Eddie Collins had one of his few tough days. Eddie kicked so many that after the game he laughingly remarked "I certainly gave an excellent exhibition of how football should be played."

The bad day, however, didn't worry Eddie in the least. Instead he began to scheme as to how he could remedy the poor condition of the infield.

The story is that he got an old rubber boot and placed it under the ground near second base, leaving part of it stick out so he could pull his stuff.

The story is that he got an old rubber boot and placed it under the ground near second base, leaving part of it stick out so he could pull his stuff.

The story is that he got an old rubber boot and placed it under the ground near second base, leaving part of it stick out so he could pull his stuff.

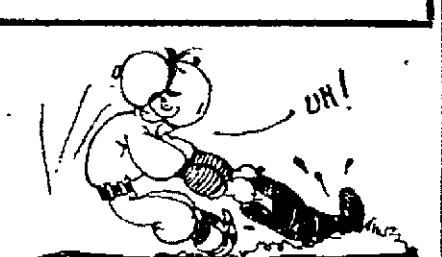

The story is that he got an old rubber boot and placed it under the ground near second base, leaving part of it stick out so he could pull his stuff.

The story is that he got an old rubber boot and placed it under the ground near second base, leaving part of it stick out so he could pull his stuff.

The story is that he got an old rubber boot and placed it under the ground near second base, leaving part of it stick out so he could pull his stuff.

The story is that he got an old rubber boot and placed it under the ground near second base, leaving part of it stick out so he could pull his stuff.

The story is that he got an old rubber boot and placed it under the ground near second base, leaving part of it stick out so he could pull his stuff.

On the first ball hit in his territory that he failed to reach, he stumbled badly and fell to the ground. Investigating the reason for his tripping, he hid himself to where the boot had been secretly placed and pulled it out before the assembled multitude.

Of course, it got a big laugh. It is needless to say that the next day the groundkeeper got a calldown and received orders to work overtime. If necessary, to get the field in shape.

Collins denies the allegation that he secreted the rubber boot in the neighborhood of second, but always smiles as he does it.

GOES TO JOHNS HOPKINS. (By the Associated Press.)

BAITMORE, Md., Feb. 20.—Dr. Charles Keyser Edmunds, until recently president of Canton Christian College of China, has been appointed to the provost of Johns Hopkins University. It was announced today by President Goodnow. Dr. Edmunds is expected to assume his duties next September.

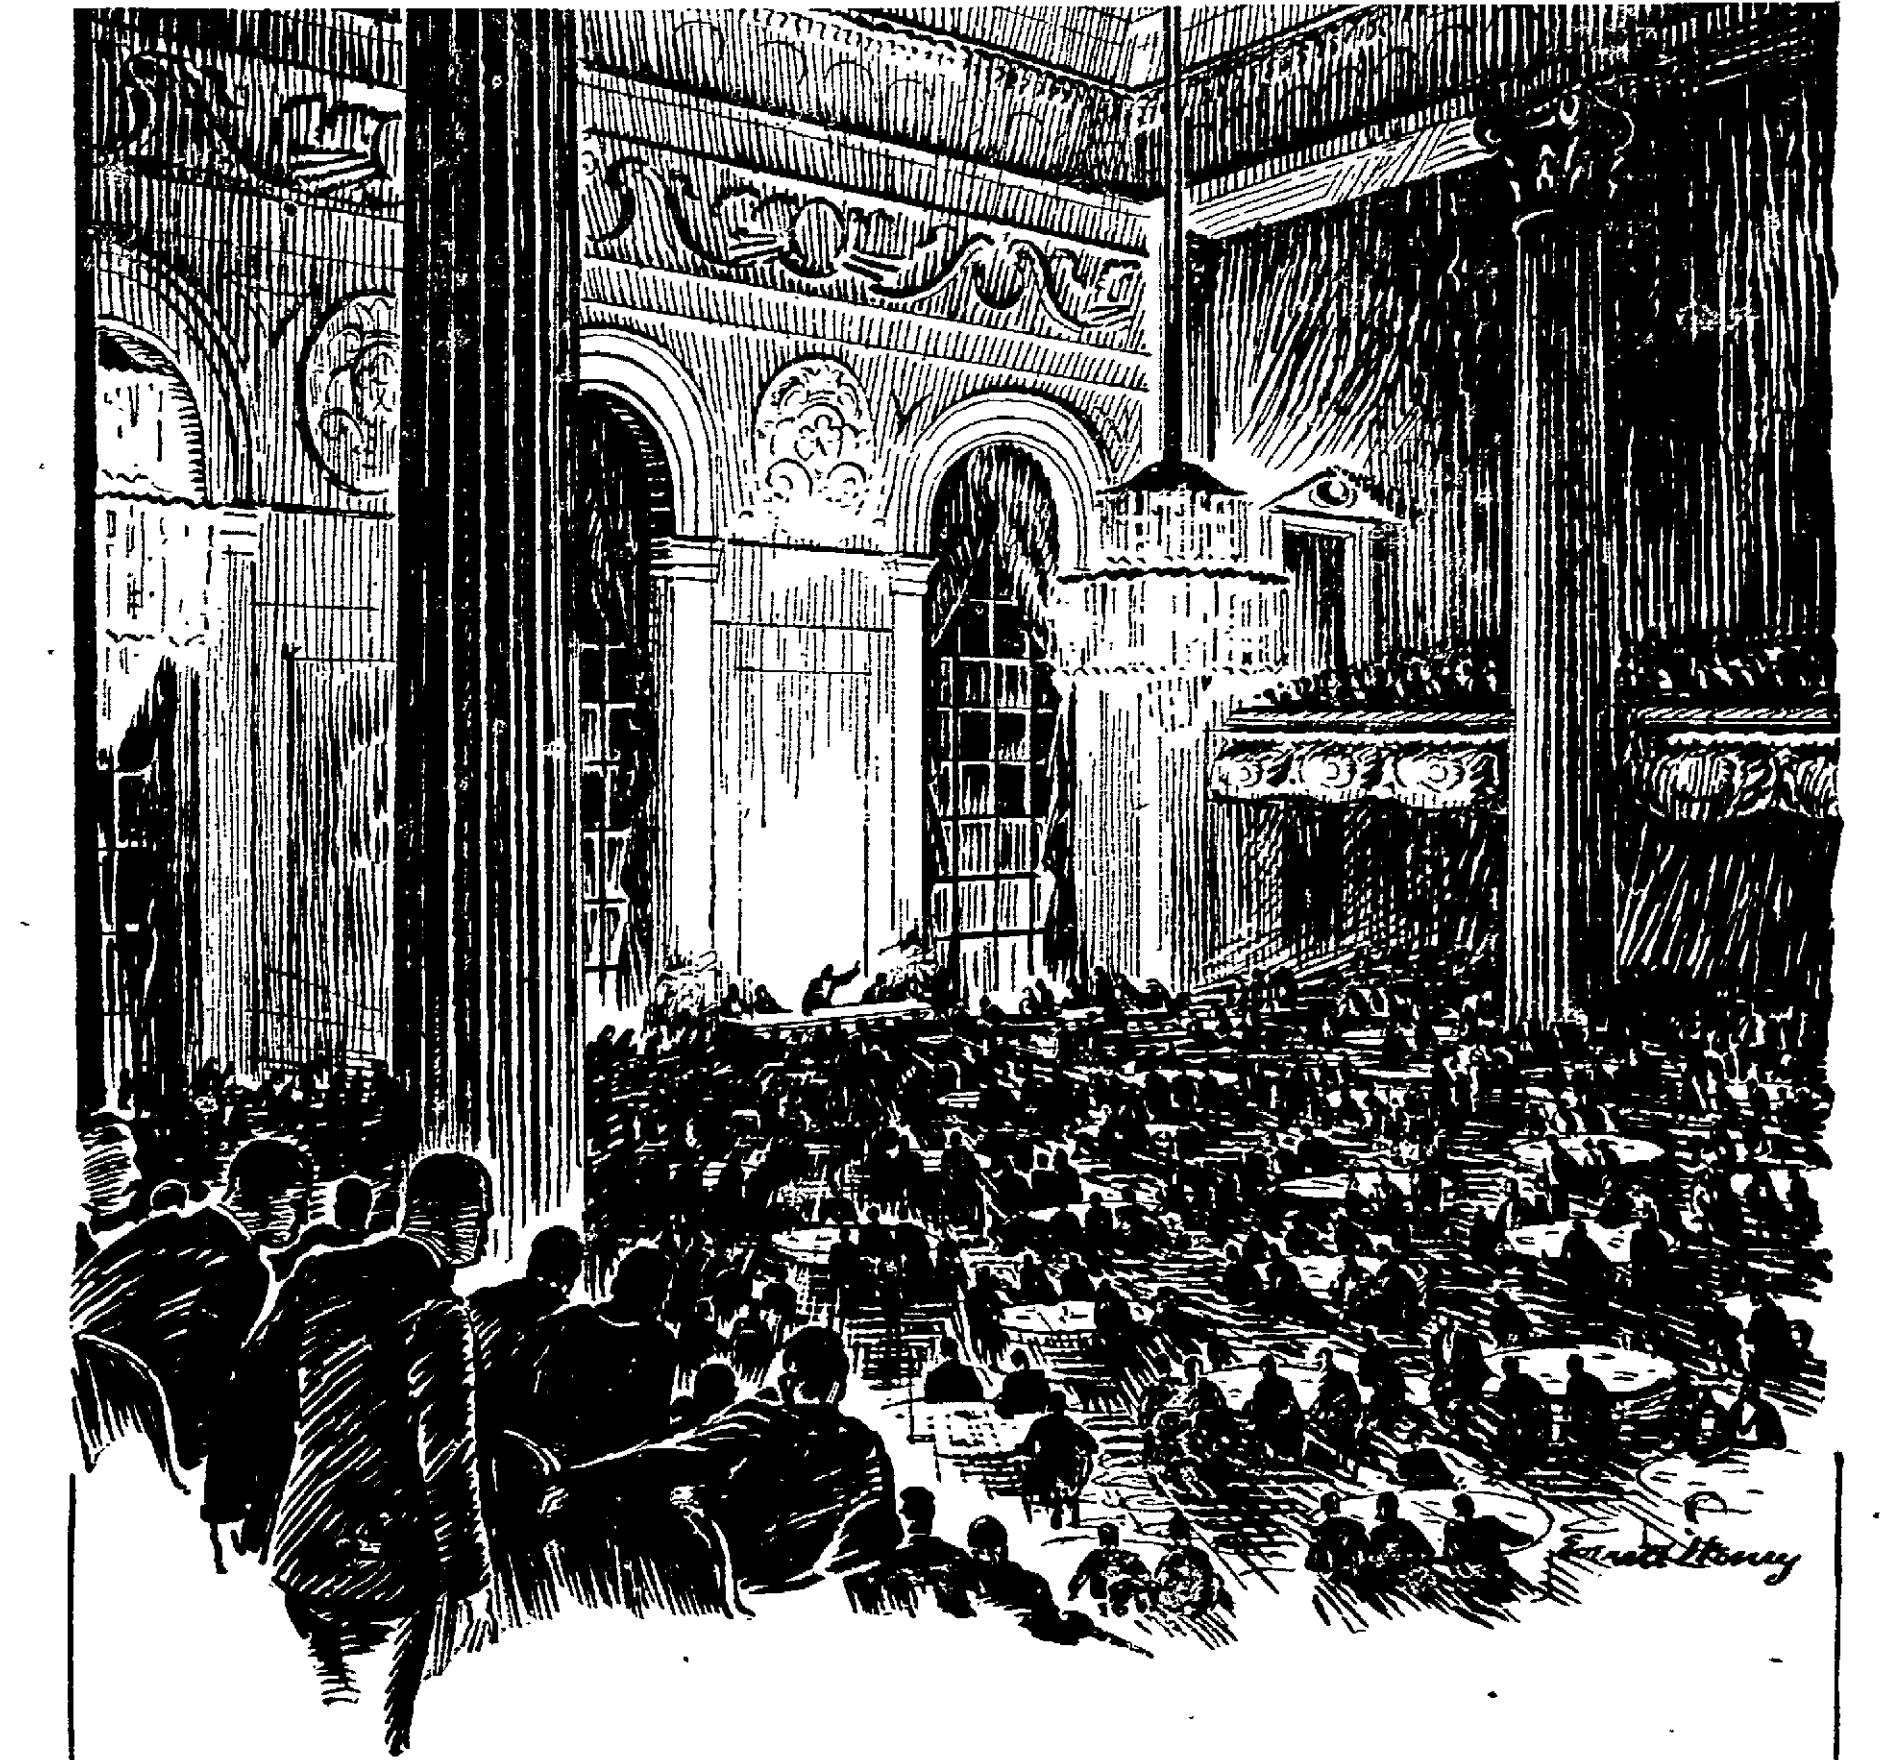

Dr. Edmunds will be the first incumbent of the office, establishment of which was brought about at a meeting of the board of trustees of the university recently when it was learned that the burden upon Dr. Goodnow had grown too great for him.

Hair Stays Combed, Glossy

Millions Use It—Few Cents Buys Jar at Drugstore

HAIR GROOM Keeps Hair Combed

Such popularity must be deserved

TO BE singled out for public honor, a man must have proved his quality. And to be chosen by millions, even a cigarette must have "made good."

So Chesterfield's swift rise to popularity is more than a measure of success. It is proof positive of finer tobaccos—which means better taste.

And better taste is the sole reason for Chesterfield's huge sales.

Chesterfield CIGARETTES

They Satisfy—millions!

YANKS ARE COMING TO TERMS

(By the Associated Press.)
NEW YORK, Feb. 20.—"Wally" Schang, Yankee catcher, returned his signed contract to the New York Yankees today and will leave Friday to join the Yankees' delegation en route to Hot Springs, Arkansas, preparatory for leaving for camp at New Orleans.

Charles Olson, pitcher, obtained by the Yankees from Des Moines, Iowa, also has signed a contract. Pitcher Herb Pennock notified Secretary Ed Barry that he would be in New York to talk terms before signing.

End Catarrh With This Healing Cream.

Clogged Air Passages Open at Once—Nostrils Cleared

If your nostrils are clogged and your head stuffed because of catarrh or a cold get Ely's Cream Balm at any drug store. Apply a little of this pure, scientific, germ destroying cream into your nostrils and let it permeate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffling. Head colds and stuffy yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.—adv.

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore lame back. It cures back pain and it certainly cures the headache at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.—adv.

Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined.

An eminent physician, expert in this science, has shown the way. It was he who first introduced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse, and then they had to use instruments, but my last two children I delivered with 'Mother's Friend' and had only a nurse. We had no time to call a doctor because I wasn't very sick—only about one or fifteen minutes. Use 'Mother's Friend' as our mothers and grandmothers did. Don't wait until it is too late. Write to Bradford Regulator Co., B-73, Atlanta, Ga., for a free illustrated book containing all the facts you need to know. Your mother should have. 'Mother's Friend' is sold by all drug stores—everywhere."

If Ruptured Try This Free

Apply it to Any Rupture, Old or Recent, Large or Small and You are on the Road That Has Convinced Thousands

SENT FREE TO PROVE THIS

Anyone ruptured man, woman or child, should write at once to W. S. Rice, 397-C Main St. Adams, N. Y. for a free trial of his wonderful stimulating application. Just put it on the rupture and then the muscles begin to tighten. They begin to bind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running the risk just because their ruptures do not hurt, nor prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

Free For Rupture

Aspirin

Say "Bayer"—Genuine!

Genuine "Bayer Tablets of Aspirin" have been prescribed by physicians over twenty-three years and proved safe to millions for Colds and Grippe. Handy boxes of twelve tablets cost only few cents at any drug store. Each package contains proper directions for Colds and tells how to prepare an Aspirin gargle for sore throat and tonsillitis.

WHY LOVERS QUARREL IS EXPLAINED BY MEDICAL SCIENCE, MAKE UP SOON

By J. J. BOSDAN.
(Copyright, 1924, by World-Wide News Service)

Why lovers quarrel. The tendency of lovers to quarrel is universal and is not a symptom of our modern civilization. The cultured, civilized and up-to-date lovers' quarrels are of the sunny shower variety and in ninety-nine cases out of a hundred are made up within a few days or hours. In every all cases the male participant wins. In Among the savages the lovers quarrel ends by the male participant hitting his future mate over the head with a club. They, too, make up within a few hours. The female lover admiring her companion more for giving her that bump on the head.

Of course, the modern physician, especially if he has specialized in the study of nerve diseases, is not concerned and does not concern himself with the making up but with the cause of such quarrels. The neurologist has discovered that quarrels are the result, or the unavoidable consequence, of "temper," which, in turn, is the inevitable visible expression of some hidden disease. This disease manifests itself immediately after the outbreak of love, for love is nothing but an intense manifestation of an exaltation of the nervous system—the mind. And when the nervous system is suddenly and violently subjected to such a heavy strain, the hidden disease becomes dominant in the system of one of the lovers and is affected and the quarrel follows. "Lovers' quarrels" do not take place if they are both healthy, and robust. In other words, love is a mental and emotional disease. The neurologist claims that the improvement which has recently taken place in the health of women is already exercising a profound effect on the nervous system. The findings of the court will be more evident in the next generation. Nerve specialists constantly advise their patients to make their homes and enjoy them more fully and completely. The best remedy for the nervous system is the cure of unhappy marriages is a healthier way of living. The constant research for new adventures, the merriest which flickers between fits of depression, the restlessness which is only satiated in new facts, the craving for pleasure, artificial and outside of home circles—all these are symptoms of nerve-poisoning. The difficulty in attempting to cure such maladies lay in the almost impossibility of discovering the cause, of diagnosing the patient. The presence of some hidden disease in the sockets of the teeth, in the nose or in the appendix, may, when subjected to the strain of intense love, manifest itself in quarrelsomeness. Over-eating, over-work, lack of sufficient sleep, lack of exercise—all these, sooner or later, will affect the nerves. The physician-specialist cannot help the patient until he learns to look on quarrelsomeness as a sign of disease or at least of unfitness. And until the world learns to live in healthier surroundings with healthier bodies we shall have lovers' quarrels.

Neurologists claim that the improvement which has recently taken place in the health of women is already exercising a profound effect on the nervous system. The findings of the court will be more evident in the next generation. Nerve specialists constantly advise their patients to make their homes and enjoy them more fully and completely. The best remedy for the nervous system is the cure of unhappy marriages is a healthier way of living. The constant research for new adventures, the merriest which flickers between fits of depression, the restlessness which is only satiated in new facts, the craving for pleasure, artificial and outside of home circles—all these are symptoms of nerve-poisoning. Over-eating, over-work, lack of sufficient sleep, lack of exercise—all these, sooner or later, will affect the nerves. The physician-specialist cannot help the patient until he learns to look on quarrelsomeness as a sign of disease or at least of unfitness. And until the world learns to live in healthier surroundings with healthier bodies we shall have lovers' quarrels.

With a healthy young girl who takes plenty of outdoor exercise and isn't in the habit of having her breakfast brought to her in bed at 10 a. m., this trouble never takes place. A quarrel always begins when one of the lovers has an affected kidney or a bad stomach, and when both of the lovers are of nervous disposition the

YOUNG'S CLIENTS HAVE TO REMIT

(By the Associated Press.)
BALTIMORE, Md., Feb. 20.—Unless the United States Circuit Court of Appeals upsets the verdict of a jury in the United States District Court today, bankrupt client of Frank M. Young, bankrupt, "blind pool" operator, may have to return about \$800,000 received as dividends to the trustees of Young's estate.

On instructions from Judge Soper the jury today gave a verdict of \$1,567 in favor of the trustees in a suit brought by them against Frank F. Ashley. The trustees had sued for interest to that amount, and principal of \$3,000. Only the interest was awarded.

Both sides will appeal the case. Ashley claims he should be allowed to keep all the money, while the trustees will fight to get the principal as well as the interest.

The suit against Ashley is the first of a series filed by trustees of the Young estate to recover money paid to "alleged preferred creditors" from January to 1920, when Young's concern is said to have become insolvent.

A MOVEMENT TOWARD ELECTRIFYING FARMS

(By the Associated Press.)
RICHMOND, Feb. 20.—A movement looking toward the "electrification of the farms" of Virginia was initiated here today when representatives of farmers' organizations and 12 power companies met to discuss means of realizing the project. It was agreed that as a first step a committee representing both groups should be appointed to make a survey of the state to discover what the electrification may be brought about to the mutual advantage of farmers and power concerns.

Professor E. C. Seltz, head of the department of agriculture engineering at the Virginia Polytechnic Institute, presided at today's conference. Commissioner Kerner of the State Department of Agriculture, and Frank Nelson, secretary in this state for the Farm Bureau Federation, presented the farmers' viewpoint. E. S. Grimsley, of Clifton Forge, was spokesman for the power representatives.

CHURCH LEADER DEPLORES MODERN TREND OF YOUTH
CHICAGO, Feb. 20.—One phase of what has been called the "revolt of youth" today may be truthfully called the "collapse of restraint," according to Dr. W. S. Board, corresponding secretary of the board of Sunday schools of the Methodist Episcopal church.

Parents have almost quit raising their children, teachers wear no badge of authority, and society in general refuses to train up children in the way they should go. Dr. Board asserts. "Even moral distinctions are denied if they offer the slightest barrier to the complete satisfaction of life's many appetites."

"Any hesitation to follow one's natural instincts to the fullest is branded as cowardice or hypocrisy. This teaching is finding its way into the thinking and living of our day."

In this critical transition of authority and in our solemn duty to arouse the teaching capacity and kindle to a flame the spiritual devotion of the church in order that the on-coming generation may have an adequate personal experience of God.

NOTICE:
The Bee delivered to your door, 12c a week. Call 21.

Dan Dobb's Daily

VOL. 1.—NO. 36. FEBRUARY 21, 1924. PRICE: 1 SMILE

WORST IS YET TO COME

TEAPOT NEWS

Due to labor troubles the New England asbestos mills are falling behind with their output. This is the reason Dan Dobb is short on Teapot Dome news today. Dan Dobb has some Teapot news go but it can be printed on nothing but asbestos.

MUSIC NOTES
Among the new songs are, "Hot Roasted Peanuts," showing what that "no bananas" song started.

POLITICS
A candidate leads a hard life. Coolidge ate a possum, perhaps to help his southern standing.

WEDDINGS
An automatic feeder for storage batteries is the latest, but every head of a family thinks he is an automatic feeder.

AUTO NOTE S
Another improvement has been made in autos. Now arrangements allow them to go further on credit.

WEATHER
Nice thing about summer is you won't worry so much about a fire driving you to the street scantily clad.

SPORTS
A rouseless week is suggested. There could be nothing more dangerous than a rouseless week. Think of meeting a girl friend on the street without recognizing her. How many men would mistake their wives for strangers, and what would happen?

BEAUTY SECRET
Nothing wears out your hair quicker than arguing.

INVESTIGATION ENDS.
CHARLESTON, S. C., Feb. 20.—All testimony being in, the court of inquiry at the Charleston Navy Yard, with relation to the wreck of the Tacoma January 16 was adjourned this afternoon. The findings of the court will be forwarded to the Navy Department, Washington, in due course. Rear Admiral George W. Williams, commandant of the navy yard, is president of the court.

Quick Relief for Rheumatics

Rheuma Gets to Work First Day—Drives out the Dangerous Poison—Rapid Relief.

Twisted, swollen, unsightly joints are rapidly freed from pain and brought back to normal with Rheuma. Lame people walk without aid; sleep comes to those who have been unable to lie in bed; hands that were helpless because of terrible rheumatism are now able to do their share for the support of the family.

Rheuma is a wonderful remedy for rheumatism, gout, neuritis, lumbago and neuralgia.

It is a wonder-worker; it never fails; never gives up and never expels of poison is expelled from the body.

Rheuma acts on stomach, liver, kidneys and bladder all at once and quickly brings long prayed for comfort to distressed sufferers. Patterson Drug Co., and all good druggists sell it with guarantee of money back if it isn't satisfactory.—adv.

Says His Prescription Has Powerful Influence Over RHEUMATISM

Has Also Proven Remarkably Successful in Severe Cases of Rheumatic Neuritis.

Mr. James Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted, physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He then gave his discovery, which he called Allen's, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allen's with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. McFall's Drug & Seed Store and druggists everywhere.—adv.

"Gets-It" Makes Corns Vanish

Even Sufferers don't cut their own corns. They use "Gets-It" to rid their feet of corns or callous pests. Why should you risk infection or a slip of your razor when you can use "Gets-It" safely and quickly, completely, permanently. Two or three drops of "Gets-It" stops all pain. The corn loathes as you can feel it right off with a single drop. Try it today. E. Lawrence & Co., Chicago. Sold everywhere—money back guarantee.

Take A Tablespoonful of Salts If Back Pains or Bladder Is Irritated.

Flush your kidneys by drinking a quart of water each day. Also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.—adv.

REPORT DAMAGE TO SHENANDOAH

(By the Associated Press.)
WASHINGTON, Feb. 20.—Repairs to the airship Shenandoah will require 10 weeks to complete and cost \$75,000, according to a report of the board of inquiry which investigated the recent escape of the big dirigible from her mooring mast at Lakehurst, N. J. The question of responsibility for the accident was not taken up by the board.

The board recommended that the balloons holding the helium gas within the outer shell of the ship be deflated in order that complete examination of the structural damage sustained when the mooring ring and nose plate pulled out could be made. The department has approved that course and the helium will be purified and stored until the ship is again ready for use.

TICKET SCALPING IS TAKEN UP

(By the Associated Press.)
ALBANY, N. Y., Feb. 20.—Resale of tickets for boxing bouts in New York City at prices far in advance of their face value will probably be made the subject of a New York grand jury investigation, it was understood here today, as a result of definite charges of ticket speculation in the Fipco-Dempsey fight made by Thomas O'Rourke, veteran boxing promoter, at a legislative hearing yesterday on proposed repeal of the Walker boxing law.

Calamity Threatens This Country.

Representative Longworth says the House may start holding night sessions. Says members talk so much their work is not being done. We favor letting had enough alone.

If all this Teapot racket can be kicked up in day sessions, night arguments would be just that much more noise.

Holding more sessions is like hitting a man in the head to cure his headache. That gives him two headaches to worry about.

HOME HELPS
A new hat is worth more than an old one, but a new friend isn't.

FOREIGN NEWS
Germans are drinking less beer. We don't know why. With food so high they have more room for beer.

FINANCIAL
Money doesn't talk much until it becomes big money.

EDITORIAL
"Dress well and you will be successful," say retail clothiers. But the catch is you must be successful before you can dress well. It is another slant on the old gag, "Him what's got can get."

COMMITTS SUICIDE AT ATLANTA

(By the Associated Press.)
ATLANTA, Ga., Feb. 20.—J. Boyce Almond, of this city, plunged thirteen stories to his death here today from an office window of the Atlanta Trust Company building from which he had fallen. He was dead before aid reached him.

He had been seen earlier in the office of his brother-in-law, T. C. Marshall, on the 13th floor of the building. Members of his family declared he had been despondent over ill health. Almond's home was in Shelbyville, Tennessee.

Colds

Break a Cold Right Up with "Pape's Cold Compound"

The moment "Pape's Dispepsin" reaches the stomach all distress goes. Lumps of indigestion, gases, heartburn, sourness, flatulence, palpitation, vanish.

Ease your stomach now! Correct digestion and acidity with a few cents' worth of Pape's Dispepsin. Druggists sell millions of packages.—adv.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may for a few months become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing

LEGAL NOTICES

ORDER PUBLICATION.

Issued by order of the Clerk of the Corporation Court of Danville, entered on the 20th day of January, 1924.

VIRGINIA.

In the Clerk's Office of the Corporation Court of Danville, on the 30th day of January, 1924.

Mintoria Fowler Shielder, Plaintiff

Oliver Shielder, Defendant

IN CHANCERY.

The object of this suit is to obtain from the said Court a decree divorcing the plaintiff, Mintoria Fowler Shielder, a vinous matrimonial, from the said defendant, Oliver Shielder, on the grounds of desertion.

And an affidavit having been made and duly filed that the said defendant's whereabouts are unknown, and that due diligence has been used to ascertain what County or Corporation he is, but without effect, it is therefore ordered that he do appear here within ten days after due publication of this order once a week for four successive weeks in the Bee, a newspaper published in the City of Danville, Virginia, and do what is necessary to protect his interest in this suit.

OTIS BRADLEY, Clerk.

Harry Bernan, F. C. B21-7-1F21

LATE RETURNS ON

THE LA. ELECTION

NEW ORLEANS, Feb. 20.—On the face of almost complete returns in the Democratic primary compiled by the Times-Picayune tonight, Henry L. Fuqua, of Baton Rouge, for many years superintendent of the state prison, has been nominated for governor over Hewitt Bouanchaud, of New Roads, present Lieutenant governor.

The vote from all but 138 precincts of the 1310 in the state gave Fuqua 112,255 and Bouanchaud 87,219. Fuqua's lead of approximately 26,000 votes, the newspaper says, probably will be swelled by the missing returns as most of them are in Fuqua territory.

For Clean Groceries, call R. F. Swann. Phone 681. I give S. H. Green Stamps and guaranteed my goods to go to standing of all except two boxes, their managers and the management of Madison Square Garden. The chief restorations were of Mickey Walker, worlds welterweight champion, and Joe Lynch, worlds bantam weight champion. The latter must, however, agree to some conditions before he is back in the full graces. Walker who was suspended twice last year, will remain barred until April 7, though the commission extended recognition to him of the right to his world's title. Lynch, who was suspended last August, must, it was understood, agree to meet Abe Goldstein, of New York, in a title bout or his restoration will be recalled. The commission ruled yesterday that all the boxers in the stables of Charley Cook and Frank Churchill could not fight in New York until the sixty days' suspensions of their managers had ended. Cook was suspended because George Marks, his weight boxer, was four pounds over weight when he met Pancho Villa, managed by Churchill. Marks was suspended for being over weight and Churchill was suspended for not accepting the weight forfeit of \$1,250.

A famous New York beauty has disappeared. Perhaps she washed it off.—Rochester Herald.

A good liar has some trouble keeping in practice where there is no fishing and no golf.—Judge.

BOXING SITUATION IS CLEARING UP

(By The Associated Press.)

NEW YORK, Feb. 20.—The boxing situation in New York was clearer today through the blanket restoration of good standing of all except two boxers, their managers and the management of Madison Square Garden.

The chief restorations were of Mickey Walker, worlds welterweight champion, and Joe Lynch, worlds bantam weight champion. The latter must, however, agree to some conditions before he is back in the full graces.

Walker who was suspended twice last year, will remain barred until April 7, though the commission extended recognition to him of the right to his world's title. Lynch, who was suspended last August, must, it was understood, agree to meet Abe Goldstein, of New York, in a title bout or his restoration will be recalled.

The commission ruled yesterday that all the boxers in the stables of Charley Cook and Frank Churchill could not fight in New York until the sixty days' suspensions of their managers had ended. Cook was suspended because George Marks, his weight boxer, was four pounds over weight when he met Pancho Villa, managed by Churchill. Marks was suspended for being over weight and Churchill was suspended for not accepting the weight forfeit of \$1,250.

LABOR GOVERNMENT REJECTS TERMS FOR DEBT SETTLEMENT

(By Chicago Tribune Service.)

LONDON, Feb. 20.—The Labor government has accepted the terms for the settlement of the British debt to the United States. Prime Minister MacDonald told an inquisitive member of the House of Commons today. He assured the same gentleman that the government was in favor of demanding the payment of reparations from Germany.

To Viscount Curzon, Mr. MacDonald said that the question of the recognition of Mexico was too complicated to dispose of in questions and answers. He stated that the government was considering the question and that it would lose no time in coming to a decision one way or the other.

"Is the Mexican question more complicated than the Russian?" Viscount Curzon asked.

To which Mr. MacDonald replied: "As it happens it is more complicated."

Another member jokingly suggested that Great Britain should ask the United States to take over Mexico.

Gratefully, HARRY SACULARE.

"VENUS" NEXT TUESDAY.

Geo. E. Wintz's Spectacular Production Coming to the Majestic.

"Venus," which is scheduled to appear at the Majestic Theatre on Tuesday, Feb. 26th, comes heralded by parans of praise sounded by newspaper reviewers in cities visited on the tour. From these sources, as well as trade reports that have reached him, Manager Schomer is confident in the belief that "Venus" will be the red letter event of the entire season.

Coupled with this source of information, Geo. E. Wintz, the producer, writes:

"I give you my personal assurance that 'Venus' is the best attraction I have ever sponsored. If you don't say so after we finish our engagement, keep the gross receipts."

Mr. Wintz's offer, taken with the other information at hand, led Manager Schomer to issue the following statement to the theatregoers of this section:

"To the various fine reports that have predicted 'Venus' I must add my personal guarantee. This is without question one of the best attractions that has ever been booked to appear in this city. I wish to state that 'Venus' has been enjoying crowded houses everywhere and suggest the choice locations."

"Venus" will be given in two acts and twenty-one unique and distinctive scenes. Music of the lilting kind, comedy, amusing and captivating dances will be found in this attraction. Some of the song hits are "Venus," "South Sea Island Mood," "Girls, Girls, Girls," "Polly Oh," "Hello My Radio," "Wait for the Tender Loving 'Tut, Tut, Tut,'" "Beautiful Baby," "Oh Daddy Mine," "Here's a Winter Garden Doll for You," "Click-a-Dea-Click," "A Kiss for You," and several others.

Nora Brown and Johnnie Getz will be the co-stars of "Venus," ably supported by several other metropolitan performers and a beauty chorus of two dozen comely maidens.

The company carries its own special orchestra.

Gas, Indigestion, Dyspepsia and Dizziness

Virginia Co-Op. Warehouses Will Close March 28

Official announcement was made this morning from the local office of the Tobacco Growers' Co-Operative Marketing Association that all of the receiving stations in the bright belt of Virginia will be closed on March 28th or fourteen days after the close of the local auction season.

The opinion was recently expressed by a local official of the organization that several key points in the Virginia area would be held open longer than some of the smaller stations in order to afford an outlet to those farmers who have not finished delivering their crop. Such a plan, however, has been definitely rejected against and all of the Virginia receiving stations will be closed on the date given.

"BOY WONDER" IS PUZZLE TO WALL STREET

Stays Under Hypnotic Spell of Mysterious Youth, Whose Magic Wand Makes Stock Rise and Fall Just With the Word.

By ROBERT T. SMALL.
(Copyright, 1924, by The Bee.)
NEW YORK, Feb. 21.—Wall Street is still struggling to come out of its trance and trying to figure how it can break itself against another hypnotic spell should Jesse Livermore, "the fair haired boy of Palm Beach," wave his magic wand in the direction of the bulls and the bears.

The strange influence which New York stock market has beyond any sane or plausible explanation; yet at a word from him, stock values tumble in a day from one to 12 points, involving a loss estimated as high \$500,000,000 in investment values.

It is frankly admitted in Wall Street that there must be something radically wrong with a system that permits a "boy operator" to cause such extensive losses in stocks which are founded on real values—standard railroad and industrial enterprises doing a thriving business.

Yet for more than two years now the Livermore spell has been over Wall Street. Brokers run around in circles wondering what Livermore has to say about this or that. If Livermore says he thinks stocks should go up, they have gone up. If he says he thinks stocks should go down, there is a frantic rush to sell. No one seems to know just whom or what Livermore represents. That is the great mystery of it. Some persons say he represents great "pools" made up of men who hold large blocks of stock in various concerns. Livermore says nothing as to that. Others say he merely represents his own "hunches" and that his voice as a prognosticator has resulted from several guesses.

One Wall Street authority declares that Livermore has changed his position on the market five times in the last and probably will change it some more but none of the brokers want another "black Friday."

Various attacks are being directed against Livermore in Wall Street organs with the idea of discounting his influence on the future.

But Livermore, wintering down at Palm Beach, merely smiles and goes fishing again in his speed boat while Wall Street endeavors to dig itself out of slump into which he is credited with sending it. The picture of the operator banking at the end of a telegram wire is not an accurate one. Livermore goes at times far up some of the tangled Florida rivers and communes with the alligators and the moss-covered rocks. Perhaps now and then he discusses financial matters with a Semole Indian, who has sneered left the Everglades. Livermore feels that these Indians know about as much concerning the market as some of the fish who attempt to swim with the "tigers of the sea" in the Wall Street "pools."

Livermore takes life easy in the South, but apparently he has a fine publicity organization, for when he says something about turning from a bull into a bear, the propaganda is spread far and wide over tickers and telegraph wires. It is reported that in his office here in New York there are twenty-six leased telegraph wires from various brokerage houses distributed throughout the country. These wires are used by Livermore as a "sounding board." He gathers up news and gossip from many sources and is supposed to digest it for its psychological bearing upon the stock market.

Down at Palm Beach Livermore receives many telegrams a day but they do not worry him in the least. When he is out fishing for barracuda, he leaves word that he is not to be disturbed.

It is doubtful if he could be disturbed on shore for his speed boat is about the fastest thing in Florida waters and even bad news could not overtake him. Livermore believes in maintaining an air of mystery about himself. He believes in long periods of silence and apparent inactivity. Then he will make a foray into the market in an sensational manner as it is possible to create.

Returning from a couple of days of fishing Livermore recently gave the market its worst upset. Now Wall Street is trying to figure out how it can make itself bombproof from such shocks in the future.

There is a question as to what is known as a "free market" shall be continued, a market which can be swayed as Wall Street has been so frequently by false reports or by a situation which had no physical effect upon property values.

Wall Street stocks are supposed to represent definite commercial values that they should continue to be traded in. In a "free market" open to short selling, bear operations and the like, is still something of a commercial mystery.

Heine is beginning to suspect that reason is about as unprofitable as treason.—Duquesne American Tribune.

The RETEREE

BY ALBERT APPLE.

SAVAGE

"Dries up a savage in pants and start him chasing the dollar, and you have civilization," says Henry Ford.

It's a clever remark, but it's not true.

The most highly developed individuals, the people who make civilization, do not make it in the fashion, nor do they chase dollars except to make a living and safeguard themselves for the future. The trouble is that not more than one person in 15 is really civilized.

RIDICULOUS

An Italian, Carmine Priori, landed in New York 20 years ago and went to work with a pick. He helped build the subway, and many a big building is a monument to his muscles and energy. He married a girl born in the United States. With their three boys, they went back to his home in Italy for a visit.

Returning to New York, immigration officials barred him because he didn't read 40 words on a slip they handed him.

It's a good thing Christopher Columbus didn't try to land at Ellis Island.

DEATH

Big insurance company with 15 million dollar assets reports only 9 in 1,000 died last year. In 1911 the figure was around 12.

The death rate may be declining, but so is averaged health. You have only to look at the nervous specimens on city streets and compare them with the husky, red-checked people of a generation ago. Tuberculosis and other destroyers are on the wane, but nature retaliates with a wave of nerve maladies.

INSIDE STORY OF HOW U. S. COMMISSION IS SOLVING THE KNOTTY PROBLEMS OF EUROPE.

By MILTON BRONNER
PARIS, Feb. 21.—Thanks to the Americans on the Reparations Commission the latest concerted effort to stabilize the French franc has been a tremendous bust-up, in which the Americans will tell the world that the French don't really want a settlement.

Present are all for success because the French are eager to settle and they also are more tolerant due to the fact that the franc is still slumping despite all efforts to stabilize it. They realize now that maybe the Germans didn't want the mark to go to pieces either.

In American view General Charles G. Dawes has been the picturesque figure. Owen Young has been the real power by reason of his keen business sense and driving force.

The Americans have realized that the Europeans had attended 16 such conferences, were weary of them, and discarded the same subjects over and over, and all had fixed opinions.

Contrary to reports which have been published, I am able to state that the present conference has so far discussed the same subjects of reparations that Germany should pay, the number of years in which to pay, a moratorium, nor any of the old chest-nuts.

The American method was to start afresh by seeking the subject on which it was possible for all to agree. Therefore, the first topic taken up was that of currency. All agreed Germany's prime need was stable currency. The second meant a stable central bank of issue. A stable bank meant one controlled from outside of Germany so that it would be removed from German intestine political quarrels.

Payments in Money
It was also agreed that Germany must balance its budget. To do this it must revamp its entire taxation scheme and impose heavy taxes which would reach all classes. Such taxation would not only provide for all governmental needs but it would leave a balance out of which payments to allies could begin.

Such payment would not be in kind but in money. To get the best value out of this money would have to be spent in Germany by allies purchasing things which they most needed and which would not come into competition with home products.

For instance, France has a great scheme for installation of hydro-electric power stations. France doesn't produce much electricity, and Germany could supply them.

A practical agreement has been reached on these topics by all including the Germans.

Priest to Stand Trial For Murder

By HAROLD MATSON
NEA Service Staff Writer.

MONTREAL, Feb. 21.—Abandoning the comparatively secure refuge of an insane asylum, the Rev. Adolphe Delorme has chosen a trial before a jury, with his life at stake.

The priest, escaped trial on a plea of insanity when he was held a year ago for the murder of his half-brother, Raoul Delorme, a medical student. Crown prosecutors claim he killed Raoul to collect \$25,000 on life insurance policies.

Today, on his own demand, he is again adjudged sane and will face trial Feb. 25.

However, Abbe Delorme has found circumstances materially changed. Where before the community apparently stood ready to defend him, he now must plead for court privilege because of lack of counsel funds; where before certain prosecution witnesses were missing, today they are at hand to testify.

The most important of these witnesses, one Le Clerc, was Delorme's faraway man at the time of Raoul's death. Le Clerc was found in a New Hampshire county jail, serving time for manslaughter offenses.

Delorme, retaining the garb of a priest, is impressively firm in his court behavior.

"I am sane," he declared in a determined voice, and no question of his sanity was permitted to be raised.

He is sane, he declared in a determined voice, and no question of his sanity was permitted to be raised.

REV. ADELARDE DELORME, MONTREAL PRIEST, WHO GOES ON TRIAL FEB. 25, CHARGED WITH MURDER.

Virginia Co-Op. Warehouses Will Close March 28

Official announcement was made this morning from the local office of the Tobacco Growers' Co-Operative Marketing Association that all of the receiving stations in the bright belt of Virginia will be closed on March 28th or fourteen days after the close of the local auction season.

The opinion was recently expressed by a local official of the organization that several key points in the Virginia area would be held open longer than some of the smaller stations in order to afford an outlet to those farmers who have not finished delivering their crop. Such a plan, however, has been definitely rejected against and all of the Virginia receiving stations will be closed on the date given.

"BOY WONDER" IS PUZZLE TO WALL STREET

Stays Under Hypnotic Spell of Mysterious Youth, Whose Magic Wand Makes Stock Rise and Fall Just With the Word.

By ROBERT T. SMALL.
(Copyright, 1924, by The Bee.)
NEW YORK, Feb. 21.—Wall Street is still struggling to come out of its trance and trying to figure how it can break itself against another hypnotic spell should Jesse Livermore, "the fair haired boy of Palm Beach," wave his magic wand in the direction of the bulls and the bears.

The strange influence which New York stock market has beyond any sane or plausible explanation; yet at a word from him, stock values tumble in a day from one to 12 points, involving a loss estimated as high \$500,000,000 in investment values.

It is frankly admitted in Wall Street that there must be something radically wrong with a system that permits a "boy operator" to cause such extensive losses in stocks which are founded on real values—standard railroad and industrial enterprises doing a thriving business.

Yet for more than two years now the Livermore spell has been over Wall Street. Brokers run around in circles wondering what Livermore has to say about this or that. If Livermore says he thinks stocks should go up, they have gone up. If he says he thinks stocks should go down, there is a frantic rush to sell. No one seems to know just whom or what Livermore represents. That is the great mystery of it. Some persons say he represents great "pools" made up of men who hold large blocks of stock in various concerns. Livermore says nothing as to that. Others say he merely represents his own "hunches" and that his voice as a prognosticator has resulted from several guesses.

One Wall Street authority declares that Livermore has changed his position on the market five times in the last and probably will change it some more but none of the brokers want another "black Friday."

Various attacks are being directed against Livermore in Wall Street organs with the idea of discounting his influence on the future.

But Livermore, wintering down at Palm Beach, merely smiles and goes fishing again in his speed boat while Wall Street endeavors to dig itself out of slump into which he is credited with sending it. The picture of the operator banking at the end of a telegram wire is not an accurate one. Livermore goes at times far up some of the tangled Florida rivers and communes with the alligators and the moss-covered rocks. Perhaps now and then he discusses financial matters with a Semole Indian, who has sneered left the Everglades. Livermore feels that these Indians know about as much concerning the market as some of the fish who attempt to swim with the "tigers of the sea" in the Wall Street "pools."

Livermore takes life easy in the South, but apparently he has a fine publicity organization, for when he says something about turning from a bull into a bear, the propaganda is spread far and wide over tickers and telegraph wires. It is reported that in his office here in New York there are twenty-six leased telegraph wires from various brokerage houses distributed throughout the country. These wires are used by Livermore as a "sounding board." He gathers up news and gossip from many sources and is supposed to digest it for its psychological bearing upon the stock market.

Down at Palm Beach Livermore receives many telegrams a day but they do not worry him in the least. When he is out fishing for barracuda, he leaves word that he is not to be disturbed.

It is doubtful if he could be disturbed on shore for his speed boat is about the fastest thing in Florida waters and even bad news could not overtake him. Livermore believes in maintaining an air of mystery about himself. He believes in long periods of silence and apparent inactivity. Then he will make a foray into the market in an sensational manner as it is possible to create.

Returning from a couple of days of fishing Livermore recently gave the market its worst upset. Now Wall Street is trying to figure out how it can make itself bombproof from such shocks in the future.

There is a question as to what is known as a "free market" shall be continued, a market which can be swayed as Wall Street has been so frequently by false reports or by a situation which had no physical effect upon property values.

Wall Street stocks are supposed to represent definite commercial values that they should continue to be traded in. In a "free market" open to short selling, bear operations and the like, is still something of a commercial mystery.

Heine is beginning to suspect that reason is about as unprofitable as treason.—Duquesne American Tribune.

The RETEREE

BY ALBERT APPLE.

SAVAGE

"Dries up a savage in pants and start him chasing the dollar, and you have civilization," says Henry Ford.

It's a clever remark, but it's not true.

The most highly developed individuals, the people who make civilization, do not make it in the fashion, nor do they chase dollars except to make a living and safeguard themselves for the future. The trouble is that not more than one person in 15 is really civilized.

RIDICULOUS

An Italian, Carmine Priori, landed in New York 20 years ago and went to work with a pick. He helped build the subway, and many a big building is a monument to his muscles and energy. He married a girl born in the United States. With their three boys, they went back to his home in Italy for a visit.

Returning to New York, immigration officials barred him because he didn't read 40 words on a slip they handed him.

It's a good thing Christopher Columbus didn't try to land at Ellis Island.

DEATH

Big insurance company with 15 million dollar assets reports only 9 in 1,000 died last year. In 1911 the figure was around 12.

The death rate may be declining, but so is averaged health. You have only to look at the nervous specimens on city streets and compare them with the husky, red-checked people of a generation ago. Tuberculosis and other destroyers are on the wane, but nature retaliates with a wave of nerve maladies.

INSIDE STORY OF HOW U. S. COMMISSION IS SOLVING THE KNOTTY PROBLEMS OF EUROPE.

By MILTON BRONNER
PARIS, Feb. 21.—Thanks to the Americans on the Reparations Commission the latest concerted effort to stabilize the French franc has been a tremendous bust-up, in which the Americans will tell the world that the French don't really want a settlement.

Present are all for success because the French are eager to settle and they also are more tolerant due to the fact that the franc is still slumping despite all efforts to stabilize it. They realize now that maybe the Germans didn't want the mark to go to pieces either.

In American view General Charles G. Dawes has been the picturesque figure. Owen Young has been the real power by reason of his keen business sense and driving force.

The Americans have realized that the Europeans had attended 16 such conferences, were weary of them, and discarded the same subjects over and over, and all had fixed opinions.

Contrary to reports which have been published, I am able to state that the present conference has so far discussed the same subjects of reparations that Germany should pay, the number of years in which to pay, a moratorium, nor any of the old chest-nuts.

The American method was to start afresh by seeking the subject on which it was possible for all to agree. Therefore, the first topic taken up was that of currency.
